

NOTICE OF RATE CHANGE
CITY OF WARREN
WATER & SEWER SYSTEM

In accordance with Section 41-181 of the Code of Ordinances of the City of Warren, and effective for all metered consumption after June 30, 2016, the consumption-based water rate for City of Warren Water Utility customers will change from \$3.1730 per 100 cubic feet {approximately 750 gallons} to \$3.4310 per 100 cubic feet.

The consumption-based waste water treatment rate for City of Warren Water Utility customers will change from \$2.198 per 100 cubic feet {approximately 750 gallons} to \$2.4120 per 100 cubic feet.

The fixed rate meter service charge will remain \$0.84 per month for accounts with a 5/8" service meter with corresponding changes to other size meter services. The fixed rate sewer service charge will remain \$2.03 per month for accounts with a 5/8" service meter with corresponding changes to other size meter services.

All other rates and charges are as adopted in the 2017 Fiscal Year Budget.
