LEGAL DESCRIPTION:

ZONE:

VARIANCES REQUESTED: Permission to

Waive the required greenbelt or masonry wall along the rear (west) property line.

ORDINANCES and REQUIREMENTS:

Section 17.02 (c): Greenbelt – Along all zoning district boundary lines which border on a more restrictive zoning district.

Section 2.26 (a): Greenbelt – An eight (8) foot greenbelt shall be maintained in a healthy growing condition by either the occupant or owner of the property.

A decorative masonry wall may be substituted for the above greenbelt, upon approval of the Planning Director, and shall be maintained in an attractive condition and structurally sound.

Chairman Nestorowicz asked the individual at the podium to state her name and address for the record along with the reasons for the petition.

Jane Neuman, 27240 Ryan, Warren; appeared before the Board and stated, the reason she is present is that in 1976, her father came to the Board and asked for a fence and that was approved; six (6) foot fence with three (3) strands of barbed wire. At that same time, the wall or greenbelt was not waived and because of that, she is present today asking for the wall or greenbelt to be waived and her reasons are as stated. The wall or greenbelt would jeopardize her tenants' usage of the property; the turnaround area for the trucks would be reduced—making it harder to maneuver their trucks; it will also reduce the parking spaces on the south and north side. If a concrete wall is instructed, the foundation of the wall would force them to cut a lot of the major roots on the trees and making them very weak; they could die or get a lot of disease or just from a wind, push them over. The concrete wall—if it is brought out from the trees and out from the original fence line—would also create the same problem for the truck company, that it would not be able to use the area to their benefit for the trucks to be able to turn around properly in the yard. The greenbelt is put the ability to keep the shrubs alive, but almost impossible due to the vigorous wild-grape vine.

They have a wild grape vine that grows in the fence line and it is a lot on her property, she has cut down as much as she could possibly do, but she has residents on the other side that do not take care of that, so it is up in the trees, it is in the ground and she had talked to Fitz and Sons Landscaping; they had given her a letter also to present to the Board, that states that if they put a row of any type of shrubs in there, within a year or two, it is going to be killed by this vine and the only way they could possibly get rid of that vine, is if they take a backhoe and dig all of her side out, all of the neighbor's side out and if any part of that root is still left, it is going to grow right back again.

Chairman Nestorowicz thanked Ms. Neuman and stated this is a public hearing...

Ms. Jane Neuman stated she had some pictures of the fence line if the Board liked to see them, of how close the trees are?

Chairman Nestorowicz stated sure, if she would like to pass them up, that would be great. He stated this is a public hearing, were there any members of the public who would like to speak on this item? He called on Mr. Murphy, if he had a comment to make.

Everett Murphy, Chief Zoning Inspector stated yes, he just wanted to let the Board know that Ms. Neuman did come in, made an appointment and a matter of fact she has been there 2 or 3 times since now. It is really complex and he is not sure that she understands hundred percent (100%), but he thinks she is confident that they were right, that this was required—the greenbelt or wall was required—and that in fact if she wanted to waive it, it was appropriate to come before the Board and ask for that. Just to clear up the other two times they were present.

Chairman Nestorowicz thanked Mr. Murphy. He turned the matter over to the Board.

Board Member Anglin stated he had one question. The property to the north—and he is assuming that is the north, that looks like it is a trucking station also; this is the one they are dealing with right now and then there is one...Sherwood runs pretty much north and south. Does that piece of property has a cyclone fence in the back or does it have a retainer wall?

Everett Murphy, Chief Zoning Inspector stated actually the petitioner would know that better than he would.

Ms. Jane Neuman stated they did have a fence and then for some reason or another—she does not know if they have come before the Board or asked for anything, but now it is a vinyl fence and the one neighbor—a resident—that half on his property and backs up to her property, is half on her property, half on his property; he said there has already been a hole put into the fence or somebody crawled through and had taken some of their property over there and they are accusing him of it, because the hole is right by his property and it is very common to see, she guesses, he said that kids are always trying to get over in there and take things.

Board Member Anglin stated okay, so it is a vinyl fence?

Ms. Jane Neuman stated yes, it is a vinyl fence.

Board Member Anglin thanked Ms. Neuman.

Everett Murphy, Chief Zoning Inspector stated that did jog his memory because that is a Code Enforcement issue they are working on.

Secretary S. Brasza stated she would like to mention first that the Board received letters—three signed letters—by residents in favor; the Board did receive the petitioner’s verbiage on her hardship and also a letter from Fritz and Sons Landscaping, which the petitioner mentioned earlier. But, the question to the petitioner is the following: In the letter from Mr. Thomas Smith, it says, “Jane has agreed to pull the gravel away from the fence where it is pushing the fence into my yard. She has also offered to put chain link fence slats in the fence to add privacy to both yards”. Could she expand on that?

Ms. Jane Neuman stated yes, she would like to put the slats in the fence; she told him as far as pulling the gravel back from the fence, she would have to first talk to Planning in order to do that, but she would like to alleviate some of that if that is hurting his property...

Secretary S. Brasza stated well and she could understand because it is all in the drainage system that has already been established...

Ms. Jane Neuman stated right and she understands that and she is willing to work with him on that and definitely get that taken care of.

Secretary S. Brasza stated right now she has a six (6) foot chain-link?

Ms. Jane Neuman stated yes.

Unidentified individual with the petitioner stated: With three lines of barb wire.

Secretary S. Brasza stated she is going to ask if she would take that barb wire down and leave with the chain-link and put the slats in and she will eliminate the greenbelt and the wall.

Ms. Jane Neuman asked just on that back corner or all the way around?

Secretary S. Brasza stated west...west...

Ms. Jane Neuman stated the west...the west wall?

Secretary S. Brasza stated but all of the barbed wire.

Ms. Jane Neuman asked on the west wall only or on all of it?

Secretary S. Brasza stated yes, they do not do barbed wire in Warren anymore and she could understand at one time they did, but they absolutely no longer.

Ms. Jane Neuman stated they agree.

Secretary S. Brasza stated and with that she wonders if she then could go ahead and....

Board Member Anglin asked if they wanted to make a motion to receive the letters and file.

Secretary S. Brasza stated sure...

(Inaudible)

Secretary S. Brasza stated no they do not have to make a motion to do that; she thanked Mr. Anglin.

Motion:

Secretary S. Brasza made the motion to approve the petitioner's request to:
Waive the required greenbelt or masonry wall along the rear (west) property line, along with: **Removing all barbed wire from the premises and to add slats in the chain-link fence along the west property line.**

Reasons being: Property is Unique and it is Not a Detriment to the Area.

Board Member Anglin Supported the motion.

Chairman Nestorowicz stated there is a motion by Secretary S. Brasza and Support by Board Member Anglin to approve the petitioner's request with the **conditions** added of: **Removing the barb wire and putting the slats into the fence.**

| 7. PUBLIC HEARING: | APPLICANT: Dorin Campbell |
| REPRESENTATIVE: | Same as above. |
| COMMON DESCRIPTION: | 8121 Marian |
| LEGAL DESCRIPTION: | 13-15-102-021 |
| ZONE: | R-1-C |

VARIANCES REQUESTED: Permission to

Construct an awning over the existing front porch to no less than 24 feet of the front property line.

ORDINANCES and REQUIREMENTS:

Section 7.05: Each lot in R-1-C Districts shall have a front yard of not less than twenty-five (25) feet from the front property line.

Chairman Nestorowicz asked the individual at the podium to state his name and address for the record along with the reasons for the petition.

Mr. Jason McFall from Wayne Craft Incorporated, 13525 Wayne Road, Livonia; appeared before the Board and stated that Dorin could not be present this evening.

Secretary S. Brasza asked if Mr. McFall had a letter or anything stating that he is the representative for Ms. Campbell.

Mr. Jason McFall stated not with him; he has the contracts and everything but...

Secretary S. Brasza asked if he had the contracts with him...

Chairman Nestorowicz asked if he had the contracts with him that the Board could see...

Mr. Jason McFall stated yes.

Chairman Nestorowicz stated and by any chance he may have maybe one of his business cards that could be turned over to the Board?

Mr. Jason McFall stated he does not know if he had one with him...he left most of them in the office when he came this evening, but he has done about three or four variances for the City of Warren, just due to front yard setbacks in the last couple of years.

Chairman Nestorowicz stated before he begins—just one thing—because he knows he turned in a business card he believes and they are able to see his contract, but could he just ask Ms. Dorin to do a follow-up letter or email...

Mr. Jason McFall stated yes, certainly.

Chairman Nestorowicz stated to show that he is actually representing her.

Mr. Jason McFall stated correct.

Chairman Nestorowicz thanked Mr. McFall and stated he could continue.

Mr. Jason McFall stated they are going for zoning variance for one (1) foot towards the front property line. She had an existing awning that was knocked down due to some of the snow he believes over in January or February of this year; the old awning looked like it was from the fifties (50s) or sixties (60s) and made out of aluminum siding; it was not very strong, so eventually it just wore out and collapsed on her porch, where they removed it. She desires to put back the same exact awning—newer of course—with meeting the current building requirements for protection from snow, ice, rain as well as sitting out on her front porch and enjoying her neighbors, so she just wants a direct replacement; it would be no larger nor take up any more space than it did before it was knocked down.

Chairman Nestorowicz stated this is a public hearing, are there any members of the public who would like to comment on this item. (No responses) Not hearing any, he turned the matter over to the Board. He just had one quick question; it is going to be aluminum...

Mr. Jason McFall stated correct.

Chairman Nestorowicz stated same as the one before then.

Mr. Jason McFall stated a little bit nicer, but it will still look like the traditional front porch aluminum awnings that they see over in most homes in Warren.

Chairman Nestorowicz stated it sounds good.

Board Member Fisher stated if nobody else from the Board has anything on this, he would like to make a motion.

Motion:

Board Member Fisher made the motion to approve the petitioner's request to:
Construct an awning over the existing front porch to no less than 24 feet of the front property line.

(Mr. McFall was handed the information for the letter to be sent)

Mr. Jason McFall asked if they wanted the letter to be notarized or...

Chairman Nestorowicz stated no.

Mr. Jason McFall thanked the Board.

Chairman Nestorowicz asked the individual at the podium to state his name and address for the record once again along with the reasons for the petition.

Mr. Bill Siewert, 40920 Executive Drive, Harrison Township, Michigan; stated the reason is that he stopped there on the way to the meeting, it is a pretty small lot; there is a lot going on there. He believes that the entrance signs will help people get through there. The hardship is the lack of inadequate and safe signage for the general public from the two major roads coming in; you kind of get turned around in there and if you are not paying attention... there is a very inadequate area to maneuver and turn around, so he thinks that with this signage, this will help people get through there without causing somebody to have an accident. The sign for the changeable copy; customers are looking for better advertising, legibility and putting on specials of course and other reasons stated.

Chairman Nestorowicz thanked Mr. Siewert and stated this is a public hearing; he turns the matter to the public if anyone would like to speak on this item? (No response) Not seeing any, he turned the matter over to the Board.

Secretary S. Brasza stated in regards to the items in number 2...maybe this would go to Mr. Murphy...Does the Board have to specify, she means there is like ten (10) square feet difference in change, do they have specify the sign dimensions for the Subway Enter and the Subway Drive Thru, in the motion?

Mr. Everett Murphy, Chief Zoning Inspector stated he believes he actually did; it is on top...

Secretary S. Brasza stated oh, yes, 3.507 square feet each, okay.

Mr. Everett Murphy, Chief Zoning Inspector stated he just sort of did it on top instead of each one.

Secretary S. Brasza stated to the petitioner, which he is not, he is the sign company; in Warren, they try to state through their motions that the copy does not change but every five...

(Inaudible)

Secretary S. Brasza stated changeable copy...is this LED or...when they say changeable copy...there is three lines...

(Inaudible)

Mr. Everett Murphy, Chief Zoning Inspector stated that would the sign where they manually put the letters up.

Secretary S. Brasza stated okay.

Mr. Bill Siewert stated it is a little bit change of pace here, normally it goes the other way; they take one of those down and put electronic up.

Mr. Bill Siewert stated yes.

Secretary S. Brasza stated good.

Board Member H. Brasza asked if anyone else had any questions.

Mr. Bill Siewert stated that is the owner, he was a little detained today.

Chairman Nestorowicz stated he understands he has the Subway Sign and so much money is spent on renovating that building; they are getting 3 lines of changeable copy, do they honestly need such a live big sign for drive thru? Most people could easily see that building is a drive thru on the corner there; just seems...because they are getting 3 lines of change-

able copy on top of all of that, it is like they are asking for 77 square feet, which is almost double to 40 square feet they would normally allow.

Mr. Bill Siewert stated the changeable copy is for the advertised specials that they would put on the radio...

Chairman Nestorowicz stated he knows what that is for. It is just that along with the big drive thru sign, it is still a lot of signage, he means....

Board Member Furgal stated he is allowed 75 square feet.

Mr. Bill Siewert stated he thought he was only 10...but he is right, there is a lot there.

Chairman Nestorowicz thanked Board Member Furgal for pointing that out.

Board Member Furgal stated the pole signs are...40 is on the building.

Board Member Furgal stated there are usually 3 or 4 meetings a year. One like pretty soon, they do it right after the event that they have—the dinner—and then later on in the year, when they start planning the next year’s dinner and then one just like right before the dinner; so it is like 3 meetings and usually they last about an hour, hour and a half and sometimes they talk about things that are currently happening in your commission and this particular board really there is not much to say because it is a different thing than the other commissions, but it was interesting.
