Office of the Controller 29500 Van Dyke Avenue Warren, Michigan 48093 (586) 574-4600

> Richard Fox City Controller

January 15, 2007

To the Honorable Mayor, Members of City Council and Citizens of the City of Warren

In accordance with City Charter and State Statue, the City of Warren is required to publish a complete set of financial statements presented in conformance with generally accepted accounting principles (GAAP) and audited by a licensed certified public accounting firm in accordance with generally accepted auditing standards. Pursuant to those requirements, the City Controller's Office hereby submits the comprehensive annual financial report of the City of Warren for the fiscal year ended June 30, 2006.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management has established a framework of internal controls that is designed to both protect the City's assets and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements are free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by the certified public accounting firm of Ramie E. Phillips, Jr., P.C. The purpose of an independent audit is to provide reasonable assurance that the City's financial statements for the fiscal year ended June 30, 2006 are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used; and evaluating the overall financial statement presentation. The City's financial statements have received and "unqualified opinion" from the independent auditor. An unqualified opinion is the best opinion an organization can receive. It indicates that the auditor's examination has disclosed no conditions that cause them to believe that the financial statements are not fairly stated in all material respects. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to compliment MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent auditor's report.

General Information

The City of Warren was incorporated as a home rule City on January 1, 1957. The City is governed by a nine member Council, Mayor, Treasurer and City Clerk, all of whom are elected to a maximum of three four-year terms. The City encompasses 34.5 square miles (22,080 acres) of the southwestern section of Macomb County where it is adjacent to the City of Detroit. The City's boundaries are Eight Mile Road on the south, Fourteen Mile Road on the north, Dequindre Road on the west and a parallel line running due north from the Gratiot-Eight Mile Road intersection on the east. With a population of 138,247 (2000 census figure), Warren remains the third largest city in the State of Michigan.

Warren is an area rich with ethnic flavor and charm. We are proud of our community, from its rural beginnings to its phenomenal growth and its unique blend of industrial innovation, residential comfort, and educational and cultural opportunities.

General Information (continued)

Unquestionably contributing to the economic vitality of the City is the presence of General Motors Corporation and Daimler-Chrysler Corporation automotive facilities. Warren is proud to be the home of General Motors Technical Center, a 330-acre complex housing General Motors Corporation staff operations; research laboratories, engineering, and design. General Motors Corporation also operates the Hydramatic Plant on a 117-acre site within the city. Daimler-Chrysler Corporation has three major facilities in Warren. Occupying a 224-acre site, this complex includes the Dodge Truck Assembly Plant, a stamping plant and a paint plant. The presence of General Motors Corporation and Daimler-Chrysler Corporation represents approximately 18% of the City's taxable value. General Motors has undertaken an investment in its Technical Center facility in excess of \$1 billion, a further indication of their continued commitment to this community. In the past year, 22 new commercial and industrial development permits and 274 single-family and multiple-dwelling residential permits were issued representing in excess of \$78 million of additional investment in the City.

The South Campus of Macomb Community College, the state's third largest college, is a public college located on a 100-acre site on Twelve Mile Road. The college, which offers courses in liberal arts, general education, allied health, applied technology and public services, is accredited by the North Central Accreditation Association. Davenport University also has a Warren Campus located on Dequindre, north of Eleven Mile Road.

Protecting the lives and property of Warren's citizens is the mission of our public safety departments. The Fire Department strives to ensure that the best fire extinguishment and emergency medical service is available. The Police Department operates an Emergency 911 System to afford residents the quickest possible response to any emergency situation. The City maintains a significant investment in equipment, facilities and personnel to provide our community the comfort of safe neighborhoods.

The mission of the Warren Public Library is to improve the quality of life for the citizens of Warren by providing services and resources that promote educational, cultural, social and economic well being. We strive to be a source of information for lifetime learning and enjoyment. One of our primary goals is to stimulate young children's interest in reading and learning and to encourage literacy among all age groups. The Warren Public Library system will be opening a new Civic Center Library in the next fiscal year. This 35,000 square foot facility will be on the main floor of the new City Hall building. Many amenities make this Library an attractive and desirable place to visit. The Library features a computer lab, self check-out units, private study rooms and an inviting reading room with fireplace. New services such as after hours book pick-up and a drive-up book drop are also available. This new centrally located library will benefit all citizens of Warren. Warren also has three branch libraries. All of the libraries have internet access and word processing capabilities. Adaptive devices are provided for the visually impaired. Each branch has a specialty collection. Burnette Branch has an Irish, New Reader, and Crime Prevention collection. Busch Branch has a large Young adult collection. The miller Branch located in the Warren Community Center has a large sheet music collection, comfortable lounge seating, study carrels and an aquarium. As a member of the Suburban Library Cooperative, the Warren Libraries provide access for patrons to all library materials in the State of Michigan.

The City of Warren has developed 325 acres into 24 city parks. Halmich Park, the largest of the city parks sits on approximately 80 acres and has four-lighted baseball diamonds, soccer fields, a concession stand and picnic pavilions. The City operates four indoor recreational facilities: the Warren Community Center, Owen Jax Recreation Center, Ridgewood Recreation Center and the Stilwell Manor Senior Drop-In Center. The Warren Community Center opened its doors in 2003. Formerly known as the old "Warren High School", the City purchased the then vacant facility and its adjoining 48 acres from the Warren Consolidated School District and developed it into a state-of-the-art community and recreational centerpiece. The facility houses the Parks and Recreation, Communications Department and City Council offices as well as the Miller Branch of the Warren Public Library. The facility operates a year round aquatics center which includes a 150 foot water slide, a lazy river, play structure and lap pool. In addition there are three gymnasiums, multi-purpose meeting rooms, an auditorium and fitness center. The exterior grounds include a lighted football stadium, walking paths and irrigated soccer fields. With grant assistance from the Michigan Department of Transportation, the Recreation department continues to offer specialized transportation for seniors and special populations. The Parks and Recreation Department offers many year-round recreational programs, including baseball, softball, basketball, volleyball, swimming, bowling, arts and crafts, music, theater and dancing. Programs service pre-school children to senior citizens. Summer concerts are conducted by the City's Cultural Commission and the Parks and Recreation department. The department operates on a voter approved one-mill levy that enables the Parks and Recreation Department to maintain, improve and expand its programs and facilities.

The City's Public Service Department provides a variety of services to the City's residents. Amongst these are weekly garbage collection; street maintenance, including snow and ice removal; building inspections; operation of the Waste Water Treatment Plant and the Water and Sewer System.

Affordable and safe housing is provided to Warren seniors through the operation of its 366 unit Senior Citizen Housing Complex.

Reporting Entity

In conformance with criteria established by the Governmental Accounting Standards Board (GASB), the financial statements report all the funds of the City and its component units. Component units are separately legal entities for which the primary government is financially accountable. The component units of the City include the Tax Increment Finance Authority, Downtown Development Authority and Building Authority. Due to the degree of control exercised by the primary government, its financial relationship with each component unit and the component unit's benefit to the primary government, each component is reported in the accompanying financial statements as blended component units.

Report Organization

The Comprehensive Annual Financial Report was prepared to meet the needs of a broad spectrum of financial statement readers and is divided into the following major sections:

Introductory Section. This section introduces the reader to the City of Warren and to this report. Included in this section is a list of the principal officials, table of contents, this transmittal letter, and the City's organizational chart.

Financial Section. The independent auditor's report, management's discussion and analysis, government-wide financial statements, fund financial statements, notes to the financial statements and required supplemental information is included here.

Statistical Section. Although this section contains substantial financial information, these tables differ from financial statements in that they present some nonaccounting data, encompass more than the current year, and are designed to reflect social and economic data, financial trends and fiscal capabilities of the City. *This year's presentation of the Statistical Section has changed dramatically from prior years due to the full implementation of Government Accounting Standards Board (GASB) Statement No. 40.*

Federal and State Projects Funds Compliance Reports. The City is the recipient of a number of federal and state grants. This section reports to the granting agency how the City has allocated or expended funds relative to the terms and conditions of the grant.

Accounting Systems, Budgetary and Internal Controls

The City's accounting system is organized and operated on a "fund basis". Each fund is a distinct, self-balancing entity created to account for all assets, liabilities, financial resources and uses associated with its intended purpose.

Annual balanced budgets are adopted for all the primary government's General, Special Revenue and Debt Service Funds as required by the Michigan Public Act 621 of 1978, the Uniform Budgeting and Accounting Act. Although not required, budgets were formally adopted for the proprietary funds and Sewage Disposal Plant Expansion Capital Projects Fund to assist management in monitoring operations.

The City Council, by resolution, adopted a budget on a budgetary center basis for all city departments, divisions, boards, commissions and other activities. Budgets for the General, Special Revenue and Debt Service Funds were adopted on the modified accrual basis of accounting consistent with generally accepted accounting principles.

In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal controls. Internal control represents the organization's plan of procedures associated with safeguarding assets and maintaining the integrity of financial records and consequently is designed to provide reasonable assurance that:

- transactions are executed in accordance with management's general or specific authorization.
- transactions are recorded as necessary (1) to permit preparation of financial statements in conformity with generally accepted accounting principles, or any other criteria, such as finance-related legal and contractual compliance requirements applicable to such statements, and (2) to maintain accountability for assets.
- access to assets is permitted only in accordance with management's authorization.
- the recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

General Governmental Functions

The City provides a full range of municipal services contemplated by statute and charter. This includes police and fire, sanitation, parks and recreation, libraries, public improvements, planning, zoning and general administrative services. These activities are accounted for in the Governmental Funds, consisting of the General Fund, Special Revenue Funds, Debt Service Funds and Capital Project Funds. A description of each fund type and their respective funds is presented below. Significant variances in revenues, expenditures and changes in fund balance compared to the prior fiscal year are discussed below and in the Management's Discussion and Analysis (MD&A) report that follows.

The **General Fund** accounts for all financial resources except those required to be reported in another fund. Information relative to the General Fund's revenues and expenditures are shown below:

General Fund Revenues and Other Financing Sources

| | <u>Amount</u> | Percentage of Total | Increase (Decrease) from 2005 |
|----------------------------|----------------------|------------------------|-------------------------------------|
| Property taxes | \$ 60,386,167 | 62.4% | \$ 4,006,970 |
| Licenses and permits | 2,420,993 | 2.5 | 253,542 |
| Intergovernmental: | | | |
| Federal revenue | 1,604,251 | 1.7 | (796,612) |
| State revenue | 15,919,836 | 16.5 | (28,978) |
| Local revenue | 632,224 | 0.6 | 66,040 |
| Charges for services | 1,114,413 | 1.1 | 142,231 |
| Fines and fees | 4,991,922 | 5.2 | 267,069 |
| Interest on investments | 2,617,658 | 2.7 | 1,228,072 |
| Miscellaneous | 7,011,128 | 7.2 | 1,914,730 |
| Sub-total | 96,698,592 | 99.9 | 7,053,064 |
| Transfers from other funds | 110,000 | 0.1 | (745,000) |
| Total | <u>\$ 96,808,592</u> | <u>100.0</u> | <u>\$ 6,308,064</u> |

Approximately \$2.5 million of the \$4.0 million increase in property taxes was attributable to a voter approved millage increase of 0.75 mills for Police and Fire Pensions. The balance was attributable to an increase in taxable property values. State Shared revenues decreased once again during the fiscal year. Even though the reduction was modest compared to recent years, it continues to negatively impact the City's operations. Sales Tax distributions were \$159,000 less than the prior fiscal year, following reductions of \$163,000 in fiscal year 2005, \$1,683,000 in fiscal year 2004, \$949,000 in fiscal year 2003 and \$1,412,000 in fiscal year 2002. Rising interest rates accounted for the increase in investment revenue of \$1,228,000 as compared to the prior year. A sale of city-owned property in the amount of \$1.7 million was the major factor contributing to the increase in miscellaneous revenue.

General Fund Expenditures and Other Financing Uses

| | <u>Amount</u> | Percentage of Total | Increase (Decrease) from 2005 |
|--------------------------|----------------------|------------------------|-------------------------------------|
| General government | \$ 25,555,753 | 28.0% | \$ 3,074,739 |
| Public safety | 56,883,739 | 62.4 | 4,746,305 |
| City development | 4,791,022 | 5.3 | (179,346) |
| Highways and streets | 2,395,887 | 2.6 | 53,579 |
| Recreation and culture | 32,874 | 0.1 | (2,318) |
| Debt service | 309,224 | 0.3 | (177,401) |
| Sub-total | 89,968,499 | 98.7 | 7,515,558 |
| Transfers to other funds | 1,145,675 | 1.3 | <u>(17,174,054)</u> |
| Total | <u>\$ 91,114,174</u> | <u>100.0</u> | <u>\$(9,658,496)</u> |

General government expenditures increased primarily due to the settlement of a lawsuit in the amount of \$1.87 million. The full amount of this settlement was reserved at June 30, 2005. The increase in public safety expenditures was the result of the City's contribution rate to Police and Fire Retirement System increasing from 5.78% in fiscal year 2005 to 21.79% in the current year. Transfers to other funds reduced significantly due to a one-time transfer in fiscal year 2005 to the Police and Fire Retiree VEBA Trust in the amount of \$17.1 million which represented the City's initial funding of the Plan.

Special Revenue Funds

Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes. The Special Revenue Funds of the City include:

The **Michigan Transportation Operating Funds – Major and Local Roads.** Michigan's Act 51 of 1933, as amended, allocates gas and weight taxes to build and maintain roads, road sides and storm sewers, remove snow and control traffic flow.

The **Sanitation**, **Parks and Recreation**, and **Library Funds** account for the receipt of dedicated property taxes levied and other resources received specifically for the operation of the respective programs.

The **Community Development Block Grant Program** makes available federal funds to eligible families through direct assistance and neighborhood revitalization.

The **Home Investment Partnership Fund** makes available federal funds to expand the supply of decent and affordable housing for low and moderate-income households.

The **Housing Opportunities for Persons With Aids Fund** makes available federal funds to provide eligible families with decent, safe and affordable housing and related support services.

The **Tank Plant Redevelopment Fund** accounts for the purchase of the former Detroit Arsenal Tank Plant from the United States Department of Army and the subsequent redevelopment and sale of property at this site.

The **Communications Fund** was established to account for fees received under provisions of cable television franchise agreements. These fees are to be used for local programming and certain other uses.

The **Rental Ordinance Fund** was established to provide regulation and enforcement of minimum residential rental property standards to protect the health, welfare and safety of the occupants, the property owners and the community. Biennial inspections of residential rental properties are funded through fees collected from the property owners and Community Development Block Grant funds.

The Vice Crime Confiscation Fund and Drug Forfeiture Fund accounts for funds received from confiscation or restitution received from vice crime and drug enforcement operations. These funds must be used exclusively for on police operations.

The Police Training Fund accounts for receipt of funds from the State of Michigan to be used exclusively for police training.

Changes in fund balances of the Special Revenue Funds are as follows:

| | Fiscal 2006 Fund <u>Balance</u> | Fiscal 2005 Fund <u>Balance</u> | Increase (Decrease) Over <u>Prior Year</u> |
|-------------------------------------|--|--|---|
| Michigan Transportation Operating - | ¢ 7 956 450 | ¢ 7 044 500 | ¢(00.262) |
| Major Roads | \$ 7,856,159 | \$ 7,944,522 | \$(88,363) |
| Local Roads | 2,334,221 | 2,213,633 | 120,588 |
| Sanitation | 4,791,103 | 3,948,130 | 842,973 |
| Recreation | 3,249,691 | 2,879,738 | 369,953 |
| Library | 881,307 | 684,770 | 196,537 |
| Community Development | | | |
| Block Grant | 17,838 | 95,329 | (77,491) |
| HOME Investment Partnership | 932,632 | 555,237 | 377,395 |
| H.O.P.W.A. | 100 | 100 | - |
| Tank Plant Redevelopment Fund | 120,059 | 2,181,326 | (2,061,267) |
| Communications | 1,969,261 | 2,192,337 | (223,076) |
| Rental Ordinance Fund | 46,856 | 70,891 | (24,035) |
| Vice Crime Confiscations Fund | 118,294 | 87,048 | 31,246 |
| Drug Forfeiture Fund | 528,206 | 490,642 | 37,564 |
| Police Training Fund | 117,859 | 97,342 | 20,517 |
| Total | <u>\$ 22,963,586</u> | <u>\$ 23,441,045</u> | <u>\$(477,459)</u> |

Please refer to the Management's Discussion and Analysis report for explanation of any significant variances shown above.

Debt Service Funds and Debt Administration

The debt service funds, unique to governmental funds, are used to account for the accumulation of financial resources for the periodic payment of principal and interest on long-term debt. Inflows of financial resources from those funds responsible for the payment of principal and interest are recorded as "operating transfers in". The actual payment for both principal and interest to the paying agent are reported as expenditures in the debt service funds. With the exception of the Chapter 20 and 21 Drain Bond Fund and Special Assessment Debt Fund, fund balance in the remaining debt service funds is normally minimal or non-existent.

GAAP, as it pertains to long-term debt, varies substantially between the governmental funds and proprietary funds. In the governmental funds, under the modified accrual accounting method, the issuance and payment of long-term debt is reported in the Statement of Revenues, Expenditures and Changes in Fund Balance; as it represents receipt and disbursement of current available financial resources. In the proprietary funds, under the full accrual accounting method, issuance and payment of long-term debt is reflected on the Statement of Net Assets; as it neither improves nor deteriorates the City's overall financial condition.

Principal and interest expenditures reported in the debt service funds for the fiscal year ended June 30, 2006 as compared to the prior year is as follows:

| | <u>2006</u> | | <u>2005</u> | | Increase (Decrease) |
|------------------------------------|-------------------------|--------|-------------------|-----------|------------------------|
| Chapter 20 and 21 Drain Bonds | \$ 699,510 | 9 | \$ 624,430 | \$ | 5 75,080 |
| Michigan Transportation Bonds | 2,117,152 | | 2,173,533 | | (56,381) |
| Special Assessment Bonds | 958,394 | | 744,437 | | 213,957 |
| Tax Increment Finance Authority | 208,825 | | 215,265 | | (6,440) |
| Building Authority Bonds | 1,952,957 | | 1,974,984 | | (22,027) |
| Downtown Development Authority (1) | 4,133,876 | _ | 2,169,562 | _ | 1,964,314 |
| Total | \$ <u>10,070,714</u> | () | <u>57,902,211</u> | <u>\$</u> | 2,168,503 |

(1) For the nineteen months ended June 30, 2006

The City's current bond ratings as supplied by Standard and Poors is as follows:

| Michigan Transportation Bonds | AA- |
|---------------------------------------|-----|
| Special Assessment Bonds | AA- |
| Tax Increment Finance Authority Bonds | AA- |
| Building Authority Bonds | AA- |
| Downtown Development Authority Bonds | AA- |
| Water and Sewer Revenue Bonds | А |

The Mayor, City Council and citizens of Warren can be proud of the City's financial condition, representative of the favorable ratings from Standard and Poors. Warren's bond ratings indicate that the City's bonds are of sound investment grade quality, and that the City has a strong capacity to pay principal and interest when due. In addition, the City's favorable ratings allow the City to issue debt at attractive interest rates, providing funds for City services rather than debt service.

For a more comprehensive analysis of the City's long-term debt, please refer to Note 5 and Note 7 to the financial statements, as well as the debt service schedules presented in the statistical section.

Capital Projects Funds

Financial resources to be used for the acquisition and/or construction of major capital improvements are accounted for in Capital Projects Funds. The Capital Projects funds of the City include:

The **37th District Court Building Renovation Fund** accounts for the accumulation of court collected fines dedicated towards the renovation of the **37**th District Court Building.

The **Special Assessment Funds** account for construction programs where the primary source of revenue to fund the project is special assessments levied against the benefiting properties. The citywide Sidewalk Replacement and Tree Removal Program is reported as a special assessment fund.

The **Michigan Transportation Construction Funds** account for major road improvement projects financed through the issuance of Michigan Transportation Construction Bonds.

The **Sewage Disposal Plant Expansion Fund** accounts for major capital improvements at the Waste Water Treatment Plant financed through the sale of general obligation bonds.

The **Downtown Development Authority Construction Fund** was established pursuant to Act 197 of the Michigan Public Acts of 1975, as amended, to prevent property value deterioration, eliminate the causes of that deterioration, increase property tax valuation where possible and improve the economic growth in the business district of the City. The construction fund accounts for capital expenditures within the district primarily funded through the issuance of development bonds.

Capital Projects Funds (continued)

The **Tax Increment Finance Authority** was established pursuant to Act 450 of the Michigan Public Acts of 1980 to prevent urban deterioration, encourage economic development and historic preservation in the area of the Van Dyke Avenue corridor between Eight Mile Road and Stephens. Primary sources of revenues to the Authority are in the form of tax increments, and in addition, the Authority has the power to issue debt.

The **Building Authority** was established pursuant to the provisions of Act 31 of the Public Acts of Michigan of 1948, as amended, to account for the costs of acquisition, furnishing, and operation of buildings, facilities and site improvement projects constructed for the benefit of the City. The primary source of revenue to the Authority is the issuance of debt.

Changes in fund balances of the Capital Projects Funds are as follows:

| | Fiscal 2006 Fund <u>Balance</u> | Fiscal 2005 Fund <u>Balance</u> | Increase (Decrease) Over <u>Prior Year</u> |
|--------------------------------------|--|--|---|
| Court Building Renovation Fund | \$ 1,007,891 | \$ 376,773 | \$ 631,118 |
| Special Assessment Funds | 3,628,748 | 2,796,414 | 832,334 |
| Michigan Transportation Construction | 1,336,462 | 4,160,787 | (2,824,325) |
| Sewage Disposal Plant Expansion | 96,828 | 96,828 | - |
| Downtown Development Authority | 23,526,874 | 40,423,474 | (16,896,600) |
| Tax Increment Finance Authority | 935,468 | 1,206,505 | (271,037) |
| Building Authority | 1,678,030 | 4,994,770 | (3,316,740) |
| Total | <u>\$ 32,210,301</u> | <u>\$ 54,055,551</u> | <u>\$(21,845,250)</u> |

A decreasing fund balance in the Capital Projects Funds does not necessarily reflect any inherent weakness. In most cases, this represents expending resources previously received through the issuance of debt, dedicated towards constructing or acquiring assets that are capital in nature. Conversely, an increase in fund balance in the Capital Projects Funds generally denotes an infusion of resources that have not yet been expended for the purpose intended.

Please refer to the Management's Discussion and Analysis report for explanation of any significant variances shown above.

Proprietary Fund Types

Water and Sewer System

Water and Sewer operations for the fiscal year ending December 31, 2005, resulted in operating income, before depreciation of \$3,886,891 on operating revenues of \$30,329,100. Non-operating items, consisting primarily of interest on long-term debt, accounted for an additional \$1,233,917 of expense for a System net gain of \$2,652,974 before depreciation. With the inclusion of non-cash depreciation expense of \$4,039,998, the net System loss for the fiscal year amounted to \$1,387,024.

Prudent management practices should be employed to assure that future operational and debt service costs are met. The objective should be to generate sufficient revenues to offset the non-cash depreciation expense with such funds appropriated for long term capital improvements.

Senior Citizen Housing

The operating income for the Senior Citizen Housing complex, net of depreciation in the amount of \$265,699, was \$597,367 for the fiscal year ended June 30, 2006, on operating revenues of \$2,081,469. Operating revenues net of non-operating revenues and expenses resulted in net income of \$372,621. Net income for fiscal year 2006 was comparable to the previous fiscal year's operations.

A comprehensive plan promoting development of senior housing in our community is essential. Additional units for our seniors may be pursued if demand necessitates the construction of another facility.

Fiduciary Funds

Pension and Other Employee Benefit Trust Funds

The City of Warren sponsors two separate defined benefit single-employer pension plans; the first covering policemen and firemen under Act 345 of the State of Michigan, while the second system covers all other elected and general "full-time" employees. For the fiscal year ended June 30, 2006, the City contributed 21.79% and 37.68% respectively of earned payroll as determined by the City's actuary. Please refer to the notes to the financial statements for a detailed discussion of the plans. Related schedules of funding progress and contributions are presented as required supplementary information.

The latest collective bargaining agreement for employees who were members of the City Employees' Retirement System Defined Benefit Plan, included a provision for participation in a Defined Contribution Plan. Employees at the time of ratification were given the option of transferring to the Defined Contribution Plan or remain in the Defined Benefit Plan. For employees electing to transfer, the City will contribute fifteen percent (15%) of wages to the employees' account. The employee will be required to make a contribution of three percent (3%). Employees hired after the ratification date of their respective contract will automatically be enrolled in the Defined Contribution Plan. The City will contribute ten percent (10%) of wages on behalf of these employees and the employee will be required to make a contribution of four percent (4%).

These collective bargaining agreements also address the issue of retiree health insurance. Prior to these agreements, the City generally paid 100 percent of the cost of retiree health insurance when an employee was eligible to receive regular service or deferred retirement benefits. Effective with these contracts, employees hired after ratification may be responsible for payment of a share of their retiree health insurance dependant upon meeting certain age and service time requirements. The most recent bargaining agreements have now introduced Health Retirement Accounts for new hires. Under this plan, the City will contribute 1% of wages and the employee will contribute 1% to 5% of wages into the plan. These employees will no longer be provided health benefits under the City's existing plans

In an effort to fund the accrued liability for post-employment healthcare benefits, the City has established two Voluntary Employee Benefit Association (VEBA) Trusts - one administered by the City Employees' Retirement System, the other administered by the Police and Fire Retirement System for the benefit of their respective members. The trusts are designed to accumulate sufficient assets to fund the payment of post retirement health benefits as they become due. Contributions to the trust are actuarially determined. For fiscal year 2006, contribution rates for the City Employees VEBA Trust and Police and Fire VEBA Trust were 23.02% and 13.44%, respectively.

CASH MANAGEMENT

Idle cash in all funds, excluding the Pension and VEBA Trust funds, is invested in certificates of deposit and governmental investment pools. Interest income for the governmental funds and proprietary funds for the current fiscal year was \$5.4 million; an increase of \$2.8 million from the prior fiscal year. This increase is due to higher interest rates in the current year as compared to the historic low rates evidenced in the previous year.

Due to the amount of cash deposits and the limitations of FDIC insurance coverage, it is impossible to insure all deposits. In the State of Michigan, municipalities are not required to insure all bank deposits; however, the City evaluates each financial institution it deposits funds with and assesses the level of risk of each institution. Only those institutions with an acceptable estimated risk level are used as depositories.

The City instituted a cash management system with Comerica Bank. Comerica will be the primary depository for all governmental and proprietary funds. This program has enabled the City to consolidate accounts, streamline movement of funds between accounts, maximize investment income and manage the associated costs.

ECONOMIC OUTLOOK

The local economy of Southeastern Michigan is directly tied to the auto industry. The City of Warren is representative of this with the presence of General Motors, Daimler-Chrysler and numerous automotive suppliers. Even though the auto industry and the economy in general have been weak, property taxes, the main source of revenue to the City, have continued to increase annually. However, the City continues to realize reductions in state shared revenues from the collection of state sales tax. To minimize the effects of these reductions, vacant positions for the most part have remained unfilled or cut from the budget.

MAJOR INITIATIVES

The Downtown Development Authority (D.D.A.) has undertaken a major redevelopment of the City Center area. Phase I became reality with completion of the new municipal office building, attached parking garage, and the two-acre City Square. These facilities will serve as the focal point for community services and events in the downtown area. The D.D.A.'s multi-year plan continues with the ultimate goal of creating a "Downtown Warren"; complete with high-density residential housing and commercial development ringing the City Center. The Downtown Development Authority has Issued \$75 million of bonds to finance the initial phase of this project.

The City continues to undertake major and local road projects to either improve pavement conditions or traffic flows in our community. Road projects can be funded solely by the City, through use of its state shared state gas and weight taxes, or jointly with participation from the Michigan Department of Transportation or Macomb County Road Commission. Major widening, resurfacing and watermain replacement projects are currently underway along Nine-Mile and Stephens Roads.

The City has aggressively continued its program for replacing broken and hazardous sidewalks and the removal of nuisance trees throughout the city. Financing for this project has come via transfers from the Tank Plant Redevelopment Fund and the issuance of Special Assessment Bonds.

Within the boundaries of the Downtown Development Authority (DDA) resides the property formerty known as the "Detroit Arsenal Tank Plant". The City purchased this 153-acre site from the United States Department of Army In 1998 at a cost of \$5,925 million with the intention of redeveloping the site. The City, in coordination with various state and federal agencies, invested in excess of \$10 million in infrastructure improvements at this site. The State of Michigan designated the former Tank Plant property as a "Renaissance Zone", effectively providing companies relocating to this site with a tax-free status for a period of twelve years. The net effect to the City has been the realization of approximately \$41 million in proceeds from the sale of the property for private development and redevelopment. Just as important, what was an abandoned and aging industrial site is now home to new and refurbished industrial, technical and education facilities within the very heart of the city. Residual proceeds from the project have assisted the City in financing the construction of the Warren Community Center, the Sidewalk Replacement and Tree Removal Program, and also provide partial advance funding of the City's compensated absences and retiree health care liabilities. Full redeployment of this site is nearing completion.

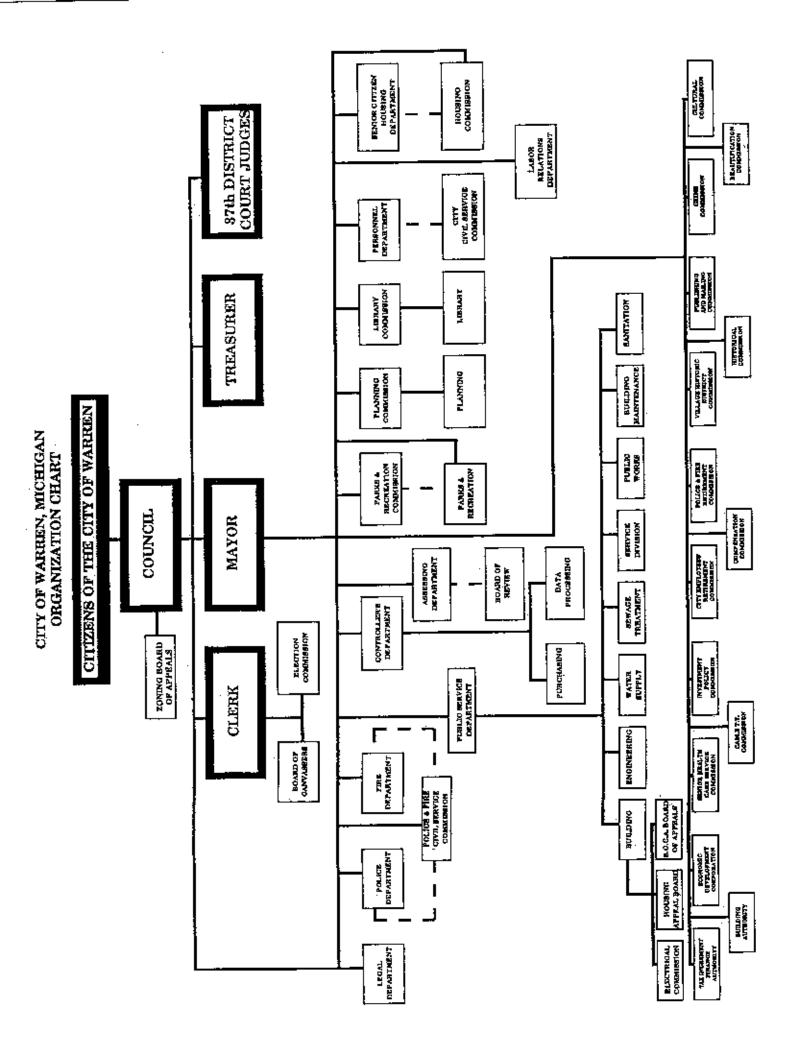

General Motors continues its \$1 Billion redevelopment of its Technical Center facility. In addition, General Motors sold 300 acres of property adjacent to the Tech Center on the west side of Mound Road. Commercial and residential development of this site is currently in progress. Both of these developments reside within the boundaries of the DDA and should generate further investment in the area as well as significant tax revenues to finance the projects undertaken by the DDA within the City Center / Downtown District.

ACKNOWLEDGMENTS

The preparation of this report could not be accomplished without the efficient and dedicated services of the entire staff of the Controller's Office. The implementation of Governmental Accounting Standards Board (GASB) Statement No. 34 and a series of GASB Statements subsequent to this have represented the most comprehensive series of changes experienced by current practitioners of governmental accounting. A significant investment in time and resources has been expended to submit this report in full compliance with these Statements. I would like to express my sincere appreciation to all members of the Department who assisted and contributed so greatly to its preparation. I would also like to thank your office and members of the Warren City Council for your interest and support in planning and conducting the financial operations of the City In a responsible and progressive manner.

Respectfully Richard A. Fox, CP

Richard A. Fox, CPA City Controller

RAMIE E. PHILLIPS, JR, PC.CTM

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council of the City of Warren, Michigan

I have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Warren, Michigan as of and for the year ended June 30, 2006, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Warren's management. My responsibility is to express opinions on these financial statements based on my audit. I did not audit the financial statements of the Police and Fire Retirement System and the Police and Fire Retirement Health Benefits Plan and Trust, which collectively represents 68 percent and 61 percent, respectively, of the assets and revenues of the Fiduciary Funds. Those financial statements were audited by other auditors whose report thereon has been furnished to me, and my opinion, insofar as it relates to the amounts included for the Police and Fire Retirement System and the Police and Fire Retirement Health Benefit Plan and Trust, is based on the reports of the other auditors.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Accounting Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit and the reports of other auditors provide a reasonable basis for my opinions.

In my opinion, based on my audit and the reports of other auditors, the financial statements, referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Warren, Michigan as of June 30, 2006, and the respective changes in financial position and eash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis on pages 1 through 12 and the budgetary comparison information on pages 81 through 142 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. I and the other auditors have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Warren basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements of the City of Warren. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, I have also issued my report dated January 15, 2007, on my consideration of the City of Warren's internal control over financial reporting and on my test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

RES RAMIE E. PHILLIPS, JR, ROOM

1130 TIENKEN COURT, SUITE 100 ROCHESTER HILLS, MICHIGAN 48306 Phone: 248.656.1131 Fax: 248.656.1496 E-mail: rphillips@ramiephillipscpa.com

Report on Compliance and Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Members of the City Council City of Warren, Michigan

I have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Warren as of and for the year ended June 30, 2006, which collectively comprise the City of Warren's basic financial statements and have issued thy report thereon dated January 15, 2007. I conducted my audit in accordance with auditing standards generally accepted in the United Sates of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered the City of Warren's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide opinion on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Warren's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my test disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the management, Warren City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance With OMB Circular A-133

To the Members of the City Council City of Warren, Michigan

Compliance

I have audited the compliance of the City of Warren with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. The City of Warren's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City of Warren's management. My responsibility is to express an opinion on the City of Warren's compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Warren's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination of the City of Warren's compliance with those requirements.

In my opinion, the City of Warren complied in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Controls Over Compliance

The management of the City of Warren is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing roy audit, I considered the City of Warren's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

City of Warren, Michigan

My consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over compliance and its operation that I consider to be material weaknesses.

This report is intended solely for the information and use of the management, Warren City Council, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT DISCUSSION AND ANALYSIS

COMPREHENSIVE ANNUAL FINANCIAL REPORT

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

This section of the City of Warren's annual financial report presents financial performance for the fiscal year ended June 30, 2006. Please read it in conjunction with the transmittal letter at the front of this report and the City's financial statements, which follow this section.

The discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activity, (c) identify changes in the City's financial position, (d) identify any material deviations from the City's approved budget, and (e) identify individual fund issues or concerns.

Financial Highlights

- The taxable value of real and personal property within the City increased by \$146 million from the prior year. Property tax revenues increased \$5.25 million due primarily to a voter-approved 0.75 mill increase in the Police and Fire Pension millage and to a lesser extent, the rise in taxable values.
- The City realized proceeds of \$1.7 million from the sale of city-owned property.
- The City was awarded a State Homeland Security Grant in the amount of \$551,000.
- The City of Warren Building Authority and Water and Sewer System each issued refunding bonds during the year. The net present value savings to the City was \$236,863 and \$518,901, respectively.
- State shared sales tax distributions decreased by \$164,000 from the previous year to \$14.5 million. This represents the sixth consecutive year of decreases and an annual reduction of \$4.8 million from the \$19.3 million received in fiscal year 2000.
- Concurrent with the reduction in State shared sales tax distributions since fiscal year 2000, employee and retiree selfinsured medical claims have risen dramatically over the same period of time. Claims in fiscal year 2006 increased \$1.4 million or 8.4% over the prior year. Even though this represents an improvement over the double-digit increases of recent years, annual self-insured medical claims are currently \$8.3 million or 87.9% higher than was evident just six years ago.

Overview of the Financial Statements

The City of Warren's annual report consists of three components: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two types of statements that present different views of the City:

- The first two statements are government-wide financial statements that provide both long-term and short-term information about the City's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the City's operations in more detail than the government-wide financial statements.
 - The governmental funds statements tell how general government services such as public safety, recreation and sanitation were financed in the short term as well as what remains for future spending.
 - Proprietary fund statements offer short-term and long-term financial information about the activities the government operates like businesses, such as the Water and Sewer System and Senior Citizen Housing.
 - Fiduciary fund statements provide information about the financial relationships such as the retirement plans for City employees in which the City acts solely as a trustee or agent for the benefit of others, to whom the resources belong.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

Figure A-1 summarizes the major features of the City's financial statements, including the portion of the City government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the contents of each of the statements.

| | Major Features of the | Figure A-1 e Government-wide and Fu | Ind Financial Statements | |
|--|--|--|--|--|
| | | | Fund Statements | |
| | Government-wide <u>Statements</u> | Governmental Funds | Proprietary Funds | Fiduciary Funds |
| Scope | Entire City government, except fiduciary funds | The activities of the City that are not proprietary or fiduciary, such as public safety, recreation and sanitation | Activities the City operates similar to private businesses, such as the Water and Sewer System and Senior Citizen Housing | Instances in which the City is the trustee or agent for someone else's resources, such as the retirement plans for City employees |
| Required financial statements | Statement of net assets Statement of activities | Balance sheet Statement of revenues, expenditures, and changes in fund balances | Statement of net assets Statement of revenues, expenses, and changes in net assets Statement of cash flows | Statement of fiduciary net assets Statement of changes in fiduciary net assets |
| Accounting basis and measurement focus | Accrual accounting and economic resources focus | Modified accrual accounting and current financial resources focus | Accrual accounting and economic resources focus | Accrual accounting and economic resources focus |
| Type of asset and liability information | All assets and liabilities, both financial and capital, and short-term and long- term | Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included | All assets and liabilities, both financial and capital, and short-term and long- term | All assets and liabilities, both short-term and long- term |
| Type of inflow and outflow information | All revenues and expenses during year, regardless of when cash is received or paid | Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter | All revenues and expenses during year, regardless of when cash is received or paid | All revenues and expenses during year, regardless of when cash is received or paid |

Government-wide financial statements. The government-wide financial statements are designed to report information about the City as a whole using accounting methods similar to those used by private-sector companies.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. To assess the City's overall health, additional non-financial information such as the City's property tax base, demographics, and condition of capital assets, including infrastructure also needs to be considered.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and other intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities)

The government-wide financial statements can be found on pages 13 – 16 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Warren, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The focus of the new reporting model is on major funds. A major fund is defined as a fund whose revenues, expenditures / expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds for the same item. In addition, any other governmental fund or enterprise fund that management believes is particularly important to financial statement users (because of public interest or consistency) may be reported as a major fund. *The City has elected to report all governmental and proprietary funds as major funds in the fund financial statements. This election was made to provide the City's elected officials, department heads, financial administrators and other users a greater degree of detailed financial information to manage and evaluate the City's operations.*

The basic governmental fund financial statements can be found on pages 17 - 40 of this report.

Proprietary funds. Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and short-term financial information. Enterprise funds, a type of proprietary fund, are used to report the same functions presented as business-type activities in the government-wide financial statements, but provide more information and greater detail, such as cash flows. The City uses enterprise funds to account for its Water and Sewer System and Senior Citizen Housing operations

The basic proprietary fund financial statements can be found on pages 41 - 45 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. For example, the City is the trustee, or fiduciary, for its employees' pension and post-employment health insurance plans. All of the City's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. The accounting method used for fiduciary funds is much like that used for proprietary funds. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's programs.

The basic fiduciary fund financial statements can be found on pages 46 – 47 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 48 - 80 of this report.

Required supplementary information. In addition to the basic financial statements and accompanying notes, this report also presents budget-to-actual comparisons and information concerning the City's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 81 – 149 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

Financial Analysis of the City as a Whole

Net assets. As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. The City's assets exceeded liabilities by \$208.7 million at the close of the most recent fiscal year, an increase of \$5.0 million as compared to the prior year.

A component of the City's net assets is its investment in capital assets (57.8 percent), which are reported net of accumulated depreciation and reduced by any outstanding debt used to acquire those assets. The City uses these assets to provide services to citizens and consequently these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay the debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another component of net assets (24.5 percent) represents resources subject to restrictions on their use as imposed by external parties or enabling legislation. The remaining balance, being unrestricted net assets (17.7 percent), may be used to meet the City's ongoing obligations to its citizens and creditors.

Total net assets in the governmental activities increased during fiscal year 2006 by \$6.0 million or 5.0 percent to \$125.9 million. Investment in capital assets net of related debt increased by \$1.7 million from the prior year. During the current fiscal year, the City invested \$2.8 million in new and ongoing road construction projects through the Michigan Transportation Funds. Simultaneously, \$1.5 million of associated debt was paid down thereby increasing the City's net investment in infrastructure assets. The City also expended an additional \$3.3 million towards completing an upgrade of its Emergency 911 system which was funded primarily through a federal grant. Restricted net assets decreased \$0.7 million in the current year. Components of restricted net assets reporting significant changes from the prior year include: an increase of \$1.2 million in Recreation and Culture, a decrease of \$1.4 million in Economic Development, and a decrease of \$1.6 million restricted for Capital Projects. Unrestricted net assets increased \$5.1 million primarily from general fund operations. Further discussion of the general fund appears later in this section under the heading of "Financial Analysis of the City's Funds".

Total net assets in the business-type activities decreased by \$1.0 million or 1.2 percent to \$82.8 million. The Water and Sewer System realized a \$153,000 operating loss in the current year as compared to a \$2.4 million operating loss in the previous year. The improvement was primarily due to an increase in water sales.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

The change in net assets for governmental activities before transfers reports an increase of \$6.1 million in the current year as compared to \$9.7 million in the prior year. Year-to-year comparisons become skewed due to a change in the Downtown Development Authority's fiscal year end from November 30 to June 30. As a result, "economic development" expenses reflect D.D.A. activities for the *nineteen months* ending June 30, 2006. Despite the change in fiscal year end, "economic development" expenses increased substantially, primarily due to relocation costs incurred to make way for the new City Hall / City Center complex. Similarly, the \$8.4 million increase in property tax revenues include \$9.0 million of taxes captured by the D.D.A. that normally would have been reported over the span of two years had the fiscal year not changed. The remainder of the increase is primarily attributable to a voter-approved 0.75 mill increase for Police and Fire Pensions which generated an additional \$3.2 million of property taxes. Other underlying factors contributing to the change in net assets rest primarily within the general fund and are likewise discussed later in this section under "Financial Analysis of the City's Funds.

The change in net assets after transfers reports an increase of \$6.0 million in the current year as compared to a \$7.5 million loss in the prior year. The Police and Fire VEBA Trust was established in fiscal year 2005 for the purpose of funding police and fire post employment healthcare. Upon its inception, the City transferred \$17.1 million to the trust representing the initial funding of the plan. These funds were accumulated through the fiscal year ended June 30, 2004 and were reported at that time as restricted for public safety in the statement of net assets.

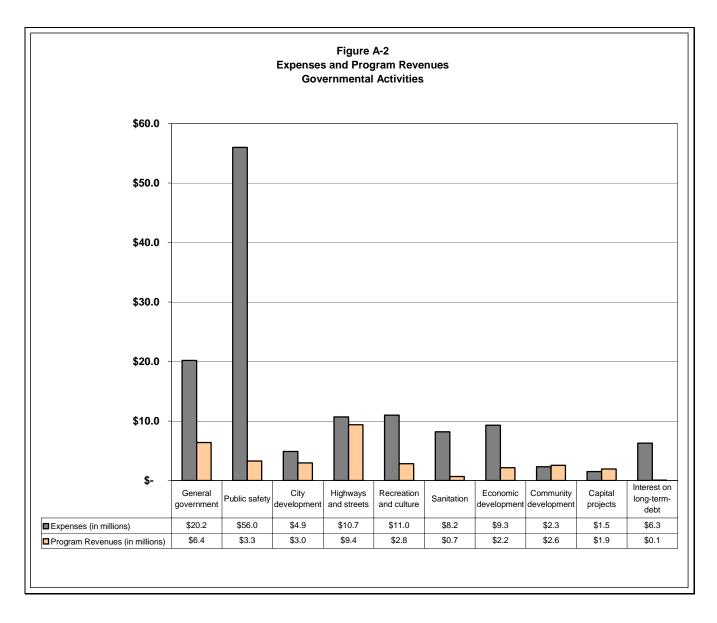

State shared revenues decreased for the sixth consecutive year. Revenues for 2006 were \$14.5 million as compared to \$14.7 million in 2005, \$14.9 million in 2004, \$16.5 million in 2003, \$17.6 million in 2002, \$18.8 million in 2001 and \$19.3 million in 2000. Further reductions are anticipated in the coming year.

As represented in Figure A-1 and Figure A-2, property taxes continue to be the major source of governmental revenues. Program revenues, that being charges for services as well as operating and capital grants, generated only 23.6 percent of the resources necessary to operate the governmental functions of the City.

MANAGEMENT'S DISCUSSION AND ANALYSIS

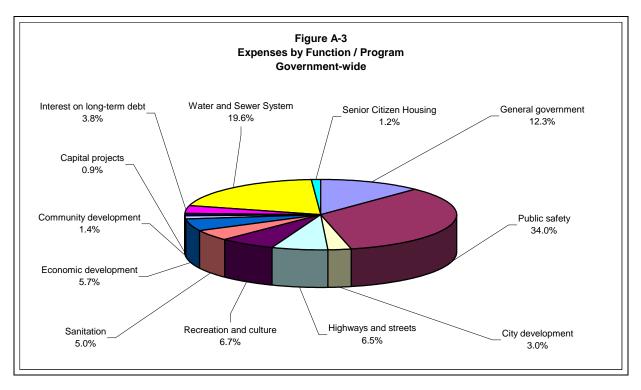

JUNE 30, 2006

The change in net assets for business-type activities reports a decrease of \$1.0 million in the current year as compared to a \$3.8 million loss in the prior year. The Senior Citizen Housing facilities generated operating income of \$597,000 during 2006, representing an increase of \$76,000 from 2005. Rental revenues and occupancy levels were consistent with the prior year. The Water and Sewer System generated operating revenues of \$30.33 million on a sales volume of 903,433 MCF (thousand cubic feet) as compared to operating revenues of \$26.93 million on a sales volume of 844,667 MCF in the previous year. An operating loss of \$0.2 million was realized as compared to \$2.4 million operating loss in the prior fiscal year. Gross margins on water sales less water purchases generated \$2.8 million of additional revenues while wage and fringe benefit expenditures increased \$0.5 million as compared to the prior fiscal year.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

Financial Analysis of the City's Funds

As of June 30, 2006, the governmental funds reported a combined fund balance of \$111.1 million, a decrease of \$17.6 million from the prior fiscal year. No deficit fund balances were reported in any of the governmental funds. Significant changes in individual fund balances during the current fiscal year are as follows:

- The general fund, whose resources are the City's main source of providing services to its citizenry, reported an increase in fund balance of \$5.7 million, with Unreserved-Undesignated Fund Balance, the amount available to the City to meet its future obligations, increasing by \$3.8 million. While property tax revenues increased \$4.0 million, \$3.2 million was directly attributable to a 0.75 mill increase in the dedicated Police and Fire Pension millage. Interest income approximately doubled to \$2.6 million due to continued federal rate hikes. The City also realized proceeds of \$1.7 million from the sale of city-owned property. General government expenditures increased \$3.1 million from the previous year. During the current fiscal year, the City Council approved a \$1.875 million settlement agreement which accounts for the bulk of the increase. The full amount of this settlement was reserved as of June 30, 2005 and had no effect on Unreserved-Undesignated Fund Balance for the current fiscal year. The favorable funding status of the Police and Fire Retirement System has allowed the City to contribute the minimal amount required for the past three years while still allowing the System to maintain its favorable status. In fiscal year 2006, the City resumed making contributions at the recommended actuarial rate. As a result, retirement expenditures for the current year were \$4.9 million more than the prior year and accounted for the entire \$4.7 million increase in Public Safety expenditures.
- The Tank Plant Redevelopment Fund transferred \$2.1 million to the Sidewalk and Tree capital projects fund to provide continued funding for the city-wide sidewalk replacement program.
- Fund balances in the Michigan Transportation, Series 2003 and the Building Authority, Series 2005 capital projects funds decreased \$2.5 million and \$3.3 million respectively, as funds were expended on road construction projects and capital acquisitions as previously bonded for.
- The Downtown Development Authority changed its fiscal year from December 1 November 30 to July 1 June 30. Accordingly, the \$17.6 million decrease in fund balance represents net activity for the *nineteen* months ended June 30, 2006. During this period, the Authority issued \$15 million in bonds and expended \$37 million in capital improvements towards redevelopment of the City Center area. Subsequent to the fiscal year, city operations moved to its new municipal offices on October 30, 2006, with a formal dedication of the new City Hall, City Square and parking garage on December 9, 2006.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

General Fund Budgetary Highlights

The City Council adopts an annual operating budget on a line item basis. During the course of the year, Council revises the budget several times. Budget amendments may represent additional appropriations of funds or inter-departmental transfers between line items with no additional appropriation. Budget amendments are normally approved for the following reasons:

- Re-appropriations for material expenditures, primarily for capital acquisitions, approved in the prior fiscal year but not consummated by year-end.
- · Award of grants and recognition of related expenditures.
- Emergencies.
- To prevent budget overruns.

Significant budget amendments approved during the current fiscal year included:

- Re-appropriations of \$2.7 million from the prior fiscal year, primarily for capital equipment expenditures.
- Increase in budgeted expenditures of \$1.875 million related to the settlement agreement previously described.
- Increase in budgeted expenditures of \$344,500 due to rising fuel and utility costs.
- Increase in budgeted revenues and expenditures of \$551,000 upon award of a State Homeland Security Grant.
- Increase in budgeted expenditures of \$339,257 upon settlement of a bargaining agreement with AFSCME Local 1250.

The annual budget is developed from analysis of historical and anticipated trend information and facts known at the time of preparation. Accordingly, actual revenues received and expenditures incurred during the year may vary, sometimes significantly, from earlier estimates. Significant general fund budget-to-actual variances include: 1.) the budget was not amended to recognize the receipt of \$1.7 million from the sale of city-owned property, 2.) fines and fees collected by the 37th District Court were \$682,000 in excess of budget, 3.) interest income exceeded estimates by \$1.86 million, 4.) insurance claims exceeded original estimates by \$409,000, and 5.) combined City Employee and Police and Fire retiree health insurance exceeded original estimates by \$1.17 million. (*This amount was reimbursed by the City Employees' and Police and Fire VEBA Trusts and effectively had no immediate negative impact to the General Fund. However, a continuation of this trend will ultimately result in higher contribution rates to the respective Trusts)*. In some cases, significant budget-to-actual variances may exist, both as to revenues and expenditures, in regards to various grants. Budgeted revenues and expenses are amended upon award of the grant. Many of these grants are project oriented or capital in nature and may span multiple fiscal years until completion. The recording of actual revenues and actual expenditures may or may not coincide with the corresponding budget amendment in the year the grant was awarded.

Capital Assets and Debt Administration

As of June 30, 2006, the City's capital assets, net of accumulated depreciation, represents an investment of \$256.7 million, an increase of \$40.8 million, or 19.0 percent from the prior year. More detailed information about the City's capital assets is presented in Note 3 to the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

Major capital acquisitions during the year included:

| Mobile data computers (41) - \$233,000 Vehicles (23) - \$422,000 Parking lot improvements - \$167,000 Emergency 911 system improvements - \$3.3 million Parks and Recreation: Warren Community Center renovations - \$457,000 Tennis court resurfacing - \$99,000 Water and Sewer System: Water main replacements - \$0.9 million Waste Water Treatment Plant: Plant-wide improvements - \$3.7 million Solids handling improvements - \$2.9 million | Fire Department: Fire truck - \$394,000 Other vehicles (6) - \$86,000 Department of Public Works: Street sweeper - \$125,000 Loader - \$116,700 Sanitation: Packers (3) - \$399,000 Michigan Transportation Funds: Road construction projects - \$2.8 million Downtown Development Authority: Parking garage - \$7.63 million City Center road construction - \$5.4 million |
|--|---|
| Electro-mechanical services - \$1.2 million Sand filter building - \$1.2 million | City Hall / City Center construction - \$19.2 million |

The City and the Downtown Development Authority have a number of outstanding contracts for various road construction projects and for the development of the City Center, respectively. The balances of these contracts are reported in the governmental funds balance sheet and captioned under "fund balance - reserved for capital projects". The Water and Sewer System likewise has a number of outstanding contracts for system improvement projects. The balances of these contracts are reported in the business-type activities Statement of Net Assets and captioned under "net assets - restricted for construction". Sufficient funds are currently available to complete these projects.

Long-term Debt

As of June 30, 2006, the City had long-term debt outstanding of \$173.3 million, an increase of \$18.5 million, or 12.0 percent from the prior year. More detailed information about the City's long-tem debt is presented in Note 5 and Note 7 to the financial statements. Complete debt service schedules for each issue are also presented in the Statistical Section of this report.

Table A-4

During the year, the Water and Sewer System advance refunded \$19.9 million of revenue bonds through issuance of \$21.7 million of refunding bonds at a present value savings to the System of \$519,000. The Water and Sewer System also drew down an additional \$8.0 million of capital improvement bonds through the Michigan Municipal Bond Authority to finance system improvements at the Waste Water Treatment Plant. The Downtown Development Authority issued \$15 million of bonds towards development of the City Center. The Building Authority advanced refunded \$9.9 million of Warren Community Center Bonds through issuance of \$10.8 million of refunding bonds at a present value savings to the Authority of \$237,000.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

Economic Factors and Next Year's Budget

Property taxes on residential, commercial and industrial properties in Warren, with a cumulative taxable value of approximately \$4.9 billion, account for 62.4% of the City's General Fund operating revenue. For nearly 10 years, the City has kept its property millage below the rate permitted by law through a combination of strong expenditure controls and modest growth in the tax base.

The City of Warren maintains a solid financial foundation through sound management practices. The continuance of these practices is critical to maintaining the economic stability of the City. Limitations on revenue growth imposed by State legislation, such as Proposal A, which restricts increases in property assessments to the rate of inflation, and fewer opportunities for new development make it more difficult to continue holding millage rates below authorized levels.

In an effort to balance its own budget, the State continues to hold revenue sharing dollars well under historical levels. A struggling State economy provides less sales and income tax revenues to share and reduced distribution formulas compound the loss the for local units of government. The total distribution of State shared revenues to the City of Warren is almost 25% less than it was just 6 years ago, a loss of over \$4.8 million annually. At its reduced levels, state shared revenues account for 15% of general fund operating revenues.

As a mature community, there are relatively few opportunities for economic growth through land development. Less development means less license and permit fees. Investment interest rates have seen marginal improvement in the past year but are still well below levels from a few years ago. Fewer funds available for investment and low returns on investment mean less interest income.

Tax limitations, reduced Shared revenues and declining local revenues result in few resources with which to meet the financial demands for City operations. The need for the City to pursue more efficient and cost-effective methods of providing City services is more critical than ever. The nature and extent of services that are provided needs to be continuously evaluated to assure that funding "non-essential" services does not compromise core functions.

Personnel costs are our most significant expenses with wages and fringe benefits accounting for over 84% of all expenditures. Contract negotiations with all unions now focus on limiting their impact on the City budget. Wage increases are not automatic. The City has implemented a number of initiatives in contract negotiations to bring both current and future costs under control.

Pension contributions for employees participating in the City's original Defined Benefit (DB) pension systems continue to rise both as a percentage of participating payroll and in total dollars. The uncertain earning power of the stock and bond markets and rapidly escalating retiree health care costs factor significantly in these increases.

The creation of a 401(a) Defined Contribution (DC) plan helps to mitigate both current pension costs and stabilize future financial obligations. It effectively sets a cap on the liability to the DB plan by barring any new additions of personnel to that plan, limiting participation to existing employees who did not opt to transfer to the DC plan. The City contributes 15% of payroll cost to the DC plan for those employees who voluntarily transferred to it at the outset. The contribution rate for new hires is 10% of payroll cost. Both compare very favorably with similar offerings from other communities and the private sector. Both are substantial savings over the 42.59% contributed for members of the DB plan.

The City has also developed plans to help contain runaway health insurance costs. Health insurance benefits payable at retirement for existing employees are funded on an annual basis using an actuarially determined percentage of payroll. Recent contract settlements provide a different program for new hires. The City contributes 1% and the employee can contribute up to 4% of payroll into a fund from which health insurance costs will be directly paid on the employee's retirement. Contributions carry income tax incentives and the City's liability is limited to the contractually agreed contribution rate of 1%. This results in substantial savings over the program for established employees where the employee contributes nothing toward retirement health benefits and the City's current liability is actuarially established at 23.02% of payroll.

The demand to provide services has not subsided over the past several years. If anything it has increased. However, the financial resources to allocate manpower and materials to the task are in increasing short supply. It is imperative that elected officials, management personnel and laborers work together to find the best means to meet the demand for services. Gone are the days of narrowly defined job descriptions. Cooperation and openness to new ways of problem resolution are necessary.

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2006

Waste Water Treatment Plant employees have been at the forefront of change. With a workforce 27% smaller than a decade ago they are able to meet the challenges brought on largely by federal and state regulations. They have been asked to rethink their job responsibilities from the ground up and help redesign workflows. Transitioning has not always been a painless process but it is not without benefits for those who have met the tasks with determination. Educational resources and opportunities for professional growth exist where they never did before. Positions that used to be considered entry level for municipal employment are now destination jobs providing skills with potential marketability outside the confines of the City.

The Water Division faces many of the same type of issues as the Waste Water Treatment Plant; an aging infrastructure requiring more and more maintenance activity and escalating operating costs that are outside our direct control. As of July 2006, water rates from the City of Detroit had risen over 86% in the previous decade. We have to pass those costs on to consumers but we also have an obligation to assure that we doing everything we can internally to contain those costs we can control.

The frequency and severity of water main and sewer line breaks continue to escalate. In part this is the result of water pressure variations from the City of Detroit as it attempts to meet the increasing demand of growth communities to our north and in part because much of our underground infrastructure is nearing the end of its useful life.

In the 2007 calendar year we have proposed to embark on a major water meter replacement program both to improve diminishing meter registration accuracy and to move to less labor-intensive technologies to collect user data. An Automated Meter Reading System (AMR) will enable up to retrieve timely usage information and give us the ability to identify potential customer problems, such as spikes in usage indicating potential leaks, before they become too costly for the users. Eventually the full conversion to current technologies may give us the opportunity to offer services to other utilities providing new revenue streams to offset capital costs.

The City recently adopted an ordinance strengthening its resolve to combat blight. Warren residents and businesses are literally being told to clean up their own back and front yards. Aside from the aesthetics of cleanly and safely maintained residential, commercial and industrial areas, the community must do everything it can to preserve property values. Having the right tools to enforce compliance assures the majority of the residents and businesses that take pride in the community that they will not bear the brunt of costs for those who neglect their responsibilities.

As calendar year 2006 comes to a close, the City employees have established themselves in a new City Hall / Library complex outfitted with cost-effective technologies that could not have been retrofitted in the previous facility. The 4–story, 110,000 square foot facility includes a 35,000 square foot library on its ground floor complete with a computer lab and various collections oriented toward a variety of interests.

The new City Hall is one of the first steps in the rebirth and revitalization of the Warren community. This facility, combined with other economic developments financed through the Downtown Development Authority, provides the city of Warren with something it has never had before in its history – an identifiable downtown area. It is hoped that new shopping facilities, restaurants and entertainment options will help transform Warren from a bedroom commuter community to a vibrant place to work and play.

Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have any questions about this report or need additional information, contact the City of Warren, Controller's Office, Suite 425, One City Square, Warren, Michigan 48093-5289.

(1) Nineteen month period ending June 30, 2006

City of Warren, Michigan Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities June 30, 2006

| Net change in fund balances - governmental funds (Exhibit B-3) | | \$ (17,609,530) |
|--|---|--------------------|
| Amounts reported for governmental activities in the statement of activities differ due to: | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities these items are capitalized and the costs of those assets are allocated over their estimated useful lives as depreciation. Capitalized assets Depreciation | \$ 39,294,141 (5,449,209) | 33,844,932 |
| In the statement of activities, only the gain or loss on the sale of capital assets is reported, whereas in the governmental funds, the proceeds from the sale are reported. | | (140,750) |
| The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes current financial resources. Neither transaction, however, has any effect on net assets. Issuance on long-term debt Principal payment on long-term debt | \$ (15,000,000) 4,693,582 | (10,306,418) |
| Governmental funds report the effect of issuance costs, premiums, discounts and advance refunding charges when long-term debt is issued, whereas these amounts are deferred and amortized in the statement of activities. Bond issuance costs, net of amortization Bond discounts, net of amortization Deferred refunding charges, net of amortization | \$ 49,842 96,514 (64,697) | 81,659 |
| Accrued interest expense on long-term debt does not require the use of current financial resources and, therefore, is not reported as an expenditure in the governmental funds. | | (323,617) |
| Changes in accumulated employee compensated absences and compensatory time, as well as estimated general insurance claims, are recorded when earned or incurred in the statement of activities. Compensated absences Compensatory time Insurance claims | \$ (156,935) (144,232) 1,610,942 | 1,309,775 |
| In the governmental funds, revenues from certain long-term receivables are only reported upon receipt of the proceeds. Community Development Block Grant loans Special assessments | \$ (7,725) 255,051 | 247,326 |
| Property taxes were reduced to reflect a settlement agreement that will eliminate certain delinquent taxes receivable over a period of multiple fiscal years. | | (1,100,000) |
| Change in net assets - governmental activities (Exhibit A-2) | | \$ 6,003,377 |

NOTES TO FINANCIAL STATEMENTS

COMPREHENSIVE ANNUAL FINANCIAL REPORT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Warren, formerly Warren Township, was incorporated January 1, 1957, under the provisions of Act 279, P.A. 1909 as amended (Home Rule Act). The City is administered by a Mayor, Council of nine members, Treasurer and Clerk, all of whom are elected for four-year terms. The City provides the following services as authorized by its charter: public safety (police and fire), highways and streets, sanitation, recreation, library, planning and zoning and general administrative services.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Government Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements. Governments are also required to follow pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the City has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the City has not chosen to do so.

In June 1999, the GASB issued Statement No. 34, Basic Financial Statements – and Management Discussion and Analysis – for State and Local Governments. Certain of the significant changes in the Statement include the following:

- A Management Discussion and Analysis (MD&A) section providing an analysis of the City's overall financial position and results of operations.
- Financial statements prepared using the full accrual accounting for all the City's activities, including infrastructure reporting.
- A change in the fund financial statements to focus on major funds.

The City has elected to report all governmental and proprietary funds as major funds in the fund financial statements. This election was made to provide the City's elected officials, department heads, financial administration and other users a greater degree of detailed financial information to manage and evaluate the City's operations.

1. REPORTING ENTITY

The financial statements of the reporting entity include those of the City of Warren (the primary government) and its component units, entities for which the City is considered to be financially responsible. Blended component units, although legally separate entities, are in substance part of the City's operations and data for these units is combined with the data of the primary government.

The City of Warren Building Authority and Tax Increment Finance Authority have fiscal years ending June 30. The Downtown Development Authority has elected to change its fiscal year from December 1 - November 30 to July 1 – June 30. Accordingly, the statements herein report Downtown Development Authority assets, liabilities and fund balance as of June 30, 2006 and revenues and expenditures for the 19 months ended June 30, 2006. These entities are considered blended component units based upon the following criteria:

The **City of Warren Building Authority** was incorporated, pursuant to the provisions of Act 31, Public Acts of Michigan, 1948, as amended, and approved by the Warren City Council for the purpose of acquiring, furnishing, equipping and maintaining buildings, structures and sites for use by the City. The Authority is governed by a Commission consisting of three members who are appointed by the Mayor and the City Council. All contracts entered into by the Authority must be approved by the City Council. The City has pledged its full faith and credit for payment of annual lease payments to the Authority in order to satisfy principal and interest requirements from issuance of Building Authority Bonds. The City of Warren Building Authority is reported within the Enterprise and Capital Projects funds.

The **Tax Increment Finance Authority** of the City of Warren was established pursuant to Act 450 of the Michigan Public Acts of 1980, and approved by the Warren City Council to prevent urban deterioration, encourage economic development and historic preservation within a defined geographic area of the City of Warren. The Authority is governed by a Board of Directors consisting of eight members who are appointed by the Mayor subject to the approval of the City Council. The City has pledged its full faith and credit for payment of principal and interest requirements from issuance of Tax Increment Finance Authority Bonds. The Tax Increment Finance Authority is reported as a Capital Projects fund.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. REPORTING ENTITY (continued)

The **Downtown Development Authority** of the City of Warren was established pursuant to Act 197 of the Public Acts of Michigan, 1975, as amended, and approved by the Warren City Council to prevent property value deterioration, eliminate the causes of that deterioration, increase property tax valuation where possible and improve economic growth in the business district of the City. The Authority is governed by a Board of Directors which consists of the Mayor plus eight members appointed by the Mayor subject to the approval of the City Council. The Downtown Development Authority is reported within the Special Revenue and Capital Project funds.

Additional Information for each of the individual component units may be obtained at the entity's administrative offices.

| Council Office 0 5460 Arden 2 | , | Downtown Development Authority Controller's Office 29500 Van Dyke Avenue Warren, MI 48093 |
|----------------------------------|------------------|--|
| Warren, Wi 46092 | Walten, Mi 46093 | Warren, Mi 46093 |

2. GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. The statements are prepared on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Both, governmental activities and business-type activities are reported on a consolidated basis. The City's business-type activities include the operation of the Water and Sewer System and the Senior Citizen Housing complex. All other activities of the City, including police and fire protection, recreation, sanitation, library, public works, etc., are considered governmental activities.

For the most part, interfund activity has been eliminated from the government-wide financial statements. Exceptions are payments-in-lieu of taxes, water purchases and other charges between the proprietary funds and other governmental funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The statement of net assets reports net assets in three parts – invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The City first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers who purchase, use, or directly benefit from the goods or services provided 2) operating grants and contributions, and 3) capital grants and contributions. Taxes and other items not properly included among program revenues are reported as general revenues.

The City does not allocate indirect expenses. An administrative service fee is charged by the general fund to other funds to recover direct costs such as finance, personnel, purchasing, legal costs, etc., incurred by the general fund. This reimbursement is eliminated by the reducing corresponding revenues and expenses in the general fund.

3. FUND FINANCIAL STATEMENTS

The financial transactions of the City are organized on the basis of funds. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses as appropriate.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3. FUND FINANCIAL STATEMENTS (continued)

The following fund types are used by the City:

Governmental Funds

The governmental funds measurement focus in the fund financial statements is based upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City.

General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specified purposes.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.

Capital Projects Funds account for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds.

Proprietary Funds

The proprietary funds measurement focus is based upon determining operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. The following is a description of proprietary funds of the City:

Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods and services and the activity (a) is financed with debt that is solely secured by the pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on the pricing policy designed to recover similar costs.

Fiduciary Funds

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support City programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

4. BASIS OF ACCOUNTING

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4. BASIS OF ACCOUNTING (continued)

Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenue to be available if they are collected within 90 days of the end of the current period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. However, debt service payments expenditures, as well as expenditures related to compensated absences and claims and judgements, are recognized when due.

5. ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

Cash and Cash Equivalents

The City has defined cash and cash equivalents to include cash on hand, demand deposits, short-term investment pools, and certificates of deposit with original maturities of three months or less from the date of acquisition.

Investments

Investments, including pension funds, are stated at fair value.

Receivables

During the course of its operations, the City has numerous transactions between funds to finance operations, provide services, construct assets and service debt. To the extent that certain transactions between funds had not been paid or received as of the fiscal year end, balances are reported as "due to / due from other funds" in the governmental funds financial statements. These amounts are eliminated on the government-wide financial statements. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Property taxes and interest earnings are considered susceptible to accrual and are recognized as revenues of the current fiscal period. However, delinquent property taxes are reported as a reservation of fund balance in the governmental fund financial statements because they are not available to pay current liabilities.

Only the portion of special assessments due within the current fiscal year is considered as revenue susceptible to accrual in the governmental fund financial statements. The remaining balance of special assessment receivables is recorded as deferred revenue.

Inventories and prepaid items

All inventories are valued at cost using the first-in / first-out (FIFO) method. Inventories are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Inventories and prepaid items are reported as a reservation of fund balance in the governmental fund financial statements because they are not available to pay current liabilities.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

5. ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY (continued)

Capital assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial individual cost of at least \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's useful life are not capitalized.

Property, plant and equipment is depreciated using the straight line method over the following estimated lives:

| Buildings | 40 - 60 years |
|-------------------------|---------------|
| Water and sewer mains | 50 years |
| Machinery and equipment | 5 - 25 years |
| Land improvements | 20 years |
| Road system | 12 - 50 years |
| | |

Compensated absences and compensatory time

All full-time employees of the City earn one sick leave day for each month of service rendered, not to exceed twelve days in any calendar year. Employees are allowed to accumulate anywhere from 27 days to 225 days depending upon their hire date, union affiliation and pension plan participation. Upon retirement, most employees are paid eighty percent of their accumulated sick bank.

Employees are allowed to accumulate compensatory time in lieu of receiving overtime pay. Compensatory time is allowed to accumulate to a maximum of 150 hours.

Compensated absences and compensatory time, inclusive of associated payroll taxes and benefits, are accrued in the government-wide financial statements.

The governmental fund financial statements report a designation of fund balance for compensated absences and compensatory time to the extent that budget appropriations have been approved to fund this noncurrent liability.

Long-term debt

In the government-wide financial statements, and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources.

Fund equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

6. ENCUMBRANCES

Budgets in governmental funds and proprietary funds are encumbered upon issuance of purchase orders, contracts or other forms of legal commitments. Appropriations for the fiscal year lapse every June 30. However, management does restrict unreserved fund balance designated for the subsequent year's expenditures by the amount of material expenditures for goods and services which were ordered, budgeted and appropriated at year end but which had not been received or completed at that date. City Council, by separate resolution, reappropriates funds in the subsequent year to complete these transactions.

B. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

1. BUDGETARY DATA

Annual balanced budgets are adopted for the General, Special Revenue and Debt Service Funds as required by the Michigan Public Act 621 of 1978, the Uniform Budgeting and Accounting Act. Budgets were not formally adopted for Tax Increment Finance Authority, Building Authority, Downtown Development Authority or Special Assessment Debt Service Funds. Although not required, budgets were formally adopted for the Water and Sewer System and Senior Citizen Housing Proprietary Funds as well as the Sewer Plant Expansion and 37th District Court Building Renovation Capital Projects Funds to assist management in monitoring operations.

The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

Not later than the second Monday in April of each year, the Mayor shall submit to the Council a recommended budget for the next fiscal year.

The recommended budget of the Mayor, together with his supporting schedules, information and messages, shall be reviewed by the Council.

A public hearing on the budget shall be held not less than one week before its final adoption.

Not later than the third Monday in May of each year, the Council shall, by resolution, adopt a budget for the ensuing fiscal year in accordance with the Michigan Uniform Budgeting and Accounting Act.

Budgets for the General, Special Revenue and Debt Service Funds were adopted on the modified accrual basis of accounting consistent with generally accepted accounting principles.

2. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The City Council, by resolution, adopted the fiscal year 2006 budget on a budgetary center basis for all city departments, divisions, boards, commissions and other activities. Subsequently, management must seek approval from the City Council to amend any budgetary center's budget during the fiscal year. For the fiscal year ended June 30, 2006, the following budgetary centers exceeded the approved budget.

| Special Revenue Funds: | Total <u>Expenditures</u> | Amount <u>Budgeted</u> | Amount Over Budget |
|---|------------------------------|---------------------------|-----------------------|
| Michigan Transportation Operating: Major Street Fund: Routine Maintenance | \$ 2,086,376 | \$ 1,999,781 | \$ 86,595 |
| Enterprise Funds: Water and Sewer System (1): Shared Services | 4,480,884 | 4,390,252 | 90,632 |

(1) For the fiscal year ended December 31, 2005.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

C. DETAILED NOTES ON ALL FUNDS

1. DEPOSITS AND INVESTMENTS

The provisions of GASB statement No. 40 require the following disclosures regarding the City's, including its blended component units, deposits and investments and their exposure to various risks (custodial credit, credit, interest rate, foreign currency and concentration).

Custodial credit risk for deposits is the risk that in the event of a failure of a depository financial institution, the City will not be able to recover deposits or collateral securities that are in possession of an outside party. Custodial credit risk disclosures for the City's demand accounts and certificates of deposit are as follows:

| General City <i>(excluding Water and Sewer System)</i> Plus outstanding checks Less deposits in transit | Demand <u>Accounts</u> \$ 2,656,252 1,889,712 (22,952) \$ 4,523,012 | Certificates _of Deposit_ \$ 46,300,000 \$ 46,300,000 | <u>Total</u> \$ 48,956,252 1,889,712 (22,952) \$ 50,823,012 |
|--|---|--|--|
| FDIC insured Uninsured and uncollateralized | 452,522 4,070,490 | 800,000 45,500,000 | 1,252,522 49,570,490 |
| Water and Sewer System (as of December 31, 2005) Plus outstanding checks Less deposits in transit | \$ 84,568 - <u>\$ 84,568</u> | \$ 1,000,000 <u>\$ 1,000,000</u> | \$ 1,084,568 <u>\$ 1,084,568</u> |
| FDIC insured (1) Uninsured and uncollateralized | - 84,568 | - 1,000,000 | ۔ 1,084,568 |
| Building Authority Plus outstanding checks | \$ 1,877,433 <u>1,613</u> <u>\$ 1,879,046</u> | \$ 2,057,552 <u>\$ 2,057,552</u> | \$ 3,934,985 1,613 <u>\$ 3,936,598</u> |
| FDIC insured Uninsured and uncollateralized | 100,286 1,778,760 | 100,000 1,957,552 | 200,286 3,736,312 |
| Tax Increment Finance Authority Plus outstanding checks | \$ 333 2,244 \$ 2,577 | \$ - <u>\$ -</u> | \$ 333 2,244 <u>\$ 2,577</u> |
| FDIC insured Uninsured and uncollateralized | 2,577 | - | 2,577 - |
| Downtown Development Authority Plus outstanding checks | \$ 11,396,023 2,453,888 \$ 13,849,911 | \$ 4,080,486 <u>\$ 4,080,486</u> | \$ 15,476,509 2,453,888 \$ 17,930,397 |
| FDIC insured Uninsured and uncollateralized | 200,000 13,649,911 | 100,000 3,980,486 | 300,000 17,630,397 |

(1) The Water and Sewer System utilizes the same depositories as other City funds. Accordingly, their demand accounts and certificates of deposit should be considered predominately uninsured and uncollateralized.

Due to the amount of cash deposits and the limits of FDIC insurance, the City has determined that it is impractical to insure all deposits. The Controller evaluates each financial institution used as a depository for City funds and assesses the level of risk of each institution.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

C. DETAILED NOTES ON ALL FUNDS

1. DEPOSITS AND INVESTMENTS (continued)

Custodial credit risk for investments is the risk that in the event of a failure of the counterparty to a transaction, the City will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the City, and are held by either the counterparty or the counterparty's trust department or agent but not in the name of the City. Investments in external investment pools and open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. None of the City's investments were exposed to custodial credit risk.

The City's investments in debt securities are exposed to credit and interest rate risks. *Credit risk* is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. *Interest rate risk* is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments in mutual funds, external investment pools, or other pooled investments that meet the definition of a 2a7-like pool are not subject to interest rate disclosure.

Credit and interest rate risk disclosures for the City's short-term cash management funds is as follows:

| General City (excluding Water and Sewer System): | Amount Invested | Rating | 2a-7 <u>Like</u> | Weighted Ave. Maturity |

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

C. DETAILED NOTES ON ALL FUNDS

1. DEPOSITS AND INVESTMENTS (continued)

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. None of the City's investments or deposits has exposure to foreign currency risk.

Concentration risk is the risk of loss attributed to the magnitude of an investment in a singular issuer. Concentration risk is subject to disclosure when investment in any one issuer represents 5 percent or more of total investments. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools and other pooled investments are excluded from this requirement. Investments in Federal National Mortgage Association, Ford Motor Company commercial paper, ING America Insurance Holdings commercial paper, and Emmet County, Michigan municipal bonds represent 30.85%, 13.07%, 15.43% and 11.68% respectively of the Downtown Development Authority's investment holdings.

Deposits and Investments of the Pension, VEBA and QEBA Trust Funds are summarized as follows:

City Employees' Retirement System:

The Board of Trustees of the Employees' Retirement System is authorized by Act No. 314 of the Public Acts of Michigan of 1965, as amended, to make investments in stocks, bonds, or other evidences of indebtedness, that in its judgment it may deem proper to purchase as an investment. The Employees' Retirement System Board of Trustees has contracted with independent investment firms to manage the system's investment portfolio.

As permitted under state statutes, the System is authorized to participate in securities lending transactions. The System entered into an agreement with Comerica Bank to lend its securities to broker-dealers and banks pursuant to the loan agreement.

During the fiscal year, Comerica Bank at the direction of the System lent securities and received United States currency as collateral. Borrowers were required to deliver collateral for each loan equal to at least one hundred percent (100%) of the market value of the loaned securities.

The System did not impose any restrictions during the fiscal year on the amount of the loans that Comerica Bank made on its behalf. There were no failures by any borrowers to return loaned securities or pay distributions thereon during the fiscal year. There were no losses to the System or Comerica Bank during the fiscal year resulting from default of the borrowers.

During the fiscal year, the System and the borrower maintained the right to terminate all securities lending transactions on demand. The cash collateral received on each loan was invested, together with the cash collateral of other lenders, in a pool. The average duration of such investment pool as of December 31, 2005 was 99 days. Because the loans could terminate on demand, their duration did not generally match the duration of the investments made with the cash collateral. The collateral held and the fair value of the underlying securities on loan for the System as of December 31, 2005 were \$16,482,706 and \$15,976,154 respectively.

The provisions of GASB Statement No. 40 require the following disclosures regarding the Retirement System's deposits and investments and their exposure to various risks (custodial credit, credit, interest rate, foreign currency and concentration).

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the System will not be able to recover deposits or collateral securities that are in the possession of an outside party. Cash balances, without recognizing checks issued but not cashed, at December 31, 2005, excluding impress funds, were \$24,388. The entire amount was covered by federal deposit insurance. The System believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all deposits. As a result, the System evaluates each financial institution with which it deposits funds and assesses the level of risk of each institution.

Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty to a transaction, the System will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the System, and are held by either the counterparty or the counterparty's trust department or agent but not in the System's name. At December 31, 2005, none of the System's investments were exposed to custodial credit risk.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

C. DETAILED NOTES ON ALL FUNDS

1. DEPOSITS AND INVESTMENTS (continued)

The System's investments in debt securities are exposed to credit and interest rate risks. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. To minimize exposure to these risks, the System has implemented the following policies for its fixed income investments: 1.) a maximum investment of 30 percent in bonds rated BBB, the balance in investment grade bonds rated A or better; 2.) may only invest in commercial paper maturing within 270 days of any domestic issuer provided such commercial paper be rated A1 or equivalent; and 3.) a weighted average portfolio maturity not to exceed 10 years.

Credit and interest rate risk disclosure for the System's short-term cash management funds are as follows:

| Short-term cash management funds: | Amount Invested | Rating | 2a-7 <u>Like</u> | Ave. Weighted <u>Maturity</u> |
|---|----------------------------------|------------------------|---------------------|-------------------------------------|

| | 41.81% | 34.36% | 23.83% |

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. None of the System's investments have exposure to foreign currency risk.

Concentration risk is the risk of loss attributed to the magnitude of an investment in a single issuer. Concentration risk is subject to disclosure when investment in any one issuer represents 5 percent or more of total investments. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools and other pooled investments are excluded from this requirement. None of the System's investments are subject to concentration risk disclosure.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

C. DETAILED NOTES ON ALL FUNDS

1. DEPOSITS AND INVESTMENTS (continued)

Police and Fire Retirement System:

The Police and Fire Retirement System is authorized by Michigan Public Act 314 of 1965, as amended, to invest in certain reverse purchase agreements, stocks, diversified investment companies, annuity investment contracts, real estate leased to public entities, mortgages, real estate, debt or equity of certain small businesses, certain state and local government obligations and certain other specified investment vehicles. The System's deposits and investment policies are in accordance with statutory authority.

The System does not have a deposit policy for custodial credit risk. At December 31, 2005, the Police and Fire Retirement System had deposits of approximately \$118,000, of which the entire amount was covered by federal depository insurance. The System believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all deposits. As a result, the System evaluates each financial institution with which it deposits funds and assesses the level of risk of each institution.

None of the System's investments were exposed to custodial credit risk.

State law limits investments in commercial paper to the top two ratings issued by nationally recognized statistical rating agencies. The System has no investment policy that would further limit its investment choices. At December 31, 2005, the credit ratings of debt securities were as follows:

| Credit Ratings: | Invested | Percentage |
|--|----------------------|----------------|
| U.S. government and agencies Other debt securities as rated by Standard & Poors: | \$ 26,534,931 | 38.78% |

C. DETAILED NOTES ON ALL FUNDS

1. DEPOSITS AND INVESTMENTS (continued)

The System's investment policy does not restrict interest rate risk in regards to investment maturities, other than commercial paper that can only be purchased with a 270 day or less maturity. At December 31, 2005, the average maturities of investments are as follows:

| | | Maturity Range | |
|-------------------------------|------------------------|------------------------|----------------------|
| Interest Rate Risk: | 0 – 5 Years | <u>5 – 15 Years</u> | > 15 Years |
| Asset backed | \$ 586,755 | \$ 320,089 | \$ 191,287 |
| Corporate Federal agencies | 8,662,491 6,291,147 | 8,220,375 6,401,837 | 4,686,359 104,027 |
| FHLM pools | 942,524 | 579,121 | 17,538 |
| FNMA pools | 188,532 | 565,416 | 138,992 |
| Foreign corporate | 822,888 | 682,019 | 92,433 |
| Foreign government | 70,592 | 66,602 | - |
| GNMA I pools | - | - | 114,621 |
| International agency | - | - | 6,534 |
| Municipal bonds | 400,000 | 4,884 | - |
| Private placement | 478,963 | 1,336,727 | 1,577,708 |
| U.S. government obligations | 12,456,878 | 7,136,344 | 5,287,905 |
| | <u>\$ 30,900,770</u> | <u>\$ 25,313,414</u> | <u>\$ 12,217,404</u> |
| | 45.16% | 36.99% | 17.85% |

The System restricts the amount of investments in foreign currency denominated investments to 5 percent of total pension system investments. The following securities are subject to foreign currency risk:

| Foreign bonds | Euro Yen UK pound Other U.S. dollar | \$ 878,275 462,961 234,928 131,339 33,783 |
|----------------|---|---|
| Foreign stocks | Euro Yen UK pound Other U.S. dollar | 20,636,657 11,111,064 5,638,265 3,152,133 810,785 |

None of the System's investments are subject to concentration risk disclosure.

Police and Fire VEBA Trust:

The Police and Fire Retirement Health Benefits Plan and Trust is authorized by Michigan Public Act 485 of 1996 to invest in U.S bonds and notes, certain commercial paper, U.S. government repurchase agreements, bankers acceptances, mutual funds and investment pools that are composed of authorized investment vehicles, certain reverse repurchase agreements, stocks, diversified investment companies, annuity investment contracts, real estate leased to public entities, mortgages, debt or equity of certain small businesses, certain state and local government obligations and certain other specified investment vehicles.

At December 31, 2005, the credit ratings of debt securities (other than the U.S. government) are as follows:

| | Fair Value | Rating | Rating Organization |
|-------------|--------------|-----------|------------------------|
| Index funds | \$ 2,206,126 | Not rated | N/A |

City Employees' QEBA Trust:

There were no outstanding deposits at December 31, 2005.

All of the QEBA Trust's investments are in short-term cash management funds. Credit and interest risk disclosures for the short-term cash management funds are as follows:

| | Amount Invested | Rating | 2a-7 <u>Like</u> | Weighted Ave. Maturity |
|---|--------------------|-------------|---------------------|---------------------------|
| Short-term cash management funds: | | | | |
| Goldman Sachs FS Prime Obligations Fund | \$ 14,290 | Moody's Aaa | Yes | Not Applicable |

External investment pools are excluded from disclosure of concentration of credit risk. None of the investments indicated above have exposure to foreign currency risk.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

C. DETAILED NOTES ON ALL FUNDS

2. RECEIVABLES

Delinquent tax receivables represent uncollected personal property taxes. Delinquent taxes remain as a lien on the property until paid or stricken by the Macomb County Circuit Court. The allowance for uncollectible taxes is estimated at five percent of the original amount of delinquent personal property taxes for the tax years not yet stricken.

| | | | | |

On November 9, 2005 the Warren City Council approved a proposed settlement agreement with DTE Energy in regards to utility assessments. Under the terms of the agreement, provided the City uses approved State Tax Commission (STC) multiplier tables for the tax years 2006, 2007 and 2008, DTE Energy will pay personal property taxes for the 1997, 1998, 1999 and 2005 tax years as previously assessed. In addition, effective October 2007 and for the four years thereafter, the STC will issue an order to strike outstanding personal property taxes for the 2000, 2001, 2002, 2003 and 2004 tax years. Ultimately, outstanding delinquent personal property taxes totaling approximately \$1.1 million will be stricken. Funds will be appropriated in each budget year as the order to strike is received. These delinquent personal property taxes are reflected as a component of "Fund Balance – Reserved for Accounts Receivable" in the Governmental Funds Balance Sheet. Conversely, "Delinquent Taxes Receivable" has been reduced by the amount of this potential write-off in the Statement of Net Assets.

Notes receivable consists primarily of loans made under the Community Development Block Grant's Home Loan Rehabilitation Program. This program assists low and very low-income residents to afford safe and sanitary housing, including limited improvements to the property. The largest portion of the \$5,673,215 notes outstanding at June 30, 2006 represents deferred and installment loans. Deferred loans are payable at the end of a set deferral period or upon change of home ownership, whichever comes first. Installment loans are payable through a series of monthly payments over a prescribed period of time, not to exceed twenty years. All loans are secured by a mortgage or equity interest lien. Annual interest rates range from 0% for deferred loans to 4% for installment basis loans.

Interfund receivables, payables and transfers. During the course of its operations, the City has numerous transactions between funds to finance operations, provide services, construct assets and service debt. To the extent that certain transactions between funds had not been paid or received as of the fiscal year end, balances are reported as "due to / due from other funds". All amounts represented are considered to be current obligations.

4. LEASES

Capital Leases

Characteristics of capital leases generally transfer the benefits and risks of ownership to the lessee. As such, equipment under capital lease agreements is capitalized at the present value of future minimum lease payments as of the inception date. No capital lease agreements were outstanding during the fiscal year ending June 30, 2006.

Operating Leases

Operating leases do not give rise to property rights and accordingly the equipment is not capitalized. No operating lease agreements were outstanding during the fiscal year ending June 30, 2006.

5. LONG-TERM DEBT

An **Installment Purchase Agreement** was executed to finance various capital asset acquisitions. The loan is secured by the assets acquired under the agreement, and in addition the City has pledged its full faith and credit. The governmental activities installment purchase agreement has aggregate principal maturities of \$78,209 a year, and is due serially through fiscal year 2007 with an annual interest rate of 5.95%.

Special Assessment Bonds are comprised of bonds issued to finance various sidewalk and drive approach improvements in designated special assessment districts throughout the City. The payment of principal and interest on the bonds shall be payable primarily from the collection of special assessments levied against those properties improved within each district. Assessments can be paid in full or in installments due July 1 of each year, together with interest on the unpaid balance of the assessment at an annual rate that is 1% per annum in excess of the average rate of the interest payable on the bonds. In addition, the full faith and credit of the City are pledged to the payment of the principal and interest on the bonds when due. The bonds have aggregate maturities ranging from \$175,000 to \$861,779 a year, and are due serially through fiscal year 2015 with annual interest rates ranging from 2.00% to 4.00%.

Downtown Development Authority Bonds are comprised of bonds issued pursuant to Act 197, Public Acts of Michigan, 1975, as amended, in anticipation of the collection of certain tax increment revenue payments for the purpose of paying costs of development and redevelopment of all or a portion of the downtown district as specified in the Authority's development and tax increment financing plan. In addition, the City has pledged its full faith and credit as additional security for payment of the principal and interest when due. In order to achieve the desired development and redevelopment objectives as described in the plan, the City has authorized the issuance of Downtown Development Bonds in four series not to exceed \$75,000,000 in total. The bonds have aggregate maturities ranging from \$500,000 to \$5,750,000 a year, and are due serially through fiscal year 2029 with annual interest rates ranging from 3.00% to 5.00%.

6. COMPENSATED ABSENCES AND COMPENSATORY TIME

All full-time employees of the City earn one sick leave day for each month of service rendered. Employees are allowed to accumulate from 27 days to 225 days depending upon their hire date, union affiliation and pension plan participation. Upon retirement, most employees are paid eighty percent of their accumulated sick bank. Firefighters who work 56 hours per week and were hired prior to January 1, 1984, are paid sixty percent of their accumulated sick bank. If an employee dies while in the service of the City, the beneficiary is paid one hundred percent of the accumulated sick bank. An employee is paid twenty-five percent of the accumulated sick bank upon severance from the City in good standing after five years of service.

Compensated absences is accrued at the employee's current rate of pay and applicable retirement payout percentage, inclusive of related payroll taxes and fringes, on sick bank balances accumulated as of December 31, 2005.

Maximum Sick-Leave Banks

Employees are allowed to receive pay for overtime worked or accumulate hours in their compensatory time bank. Generally, no more than 150 hours may be accumulated in an employee's compensatory time bank. Employees are allowed the option of receiving cash payment or time off for those hours accumulated.

Compensatory time is accrued at the employee's current rate of pay, inclusive of related payroll taxes and benefits, on accumulated compensatory time balances as of December 31, 2005.

8. DEBT EXTINGUISHMENTS

On October 17, 2002, the Warren City Council approved the City's participation in a settlement agreement between South Macomb Disposal Authority, of which the City is a member thereof, and the Authority's insurance carriers regarding remediation and response costs associated with the Authority's disposal facilities known as Sites 9 and 9A. As a result of this settlement, the Authority placed sufficient funds in escrow to defease \$20,000,000 of South Macomb Disposal Authority Revenue Bonds, Series 2000. This defeasance effectively eliminated \$7,644,000 of the City's debt to the Authority relative to this bond issue.

| | Principal Defeased | Outstanding Principal |
|-----------------------------------|---------------------|-----------------------|

| South Macomb Disposal Authority - | | |
| Solid Waste Bonds, Series 2000 | \$ 7,644,000 | \$ 7,644,000 |

On August 1, 2005, the City of Warren Building Authority sold \$10.835 million of refunding bonds to defease \$9.925 million of City of Warren Building Authority Bonds, Series 2001. The Series 2001 bonds were originally issued for the purpose of constructing the Warren Community Center. Sufficient funds have been placed in escrow to satisfy the debt service requirements of the defeased bonds through their call date of November 1, 2010. The City realized an approximate net present value saving of \$236,863 on the advance refunding.

9. DEFERRED REVENUE

Deferred revenues reported in the Community Development Block Grant Fund, HOME Investment Partnership Fund and the Special Assessment Construction Funds represents receivables that are measurable but not yet available under the modified accrual basis of accounting. Accordingly, they are not recorded as revenue. The balance sheet records the receivable but includes deferred revenue as its offset. Deferred revenues as reported in all other funds represent receipt of funds prior to rendering any service. A summary of deferred revenues is as follows:

| Revenue | Amount |
|------------------------|--|
| Law enforcement grants | \$ 344,581 |
| | |
| Grant / Loans | 6,638,357 |
| Grant | 1,478,629 |

C. DETAILED NOTES ON ALL FUNDS

10. LEGAL DEBT MARGIN

Section 8.11 of the City of Warren Charter limits the net bonded indebtedness incurred for all public purposes to ten percent of the assessed value of all the real and personal property in the City. In computing such net bonded indebtedness, money borrowed under the provisions of special assessment bonds, revenue bonds, mortgage bonds, Michigan transportation bonds, calamity bonds, and tax anticipation notes are excluded. In addition, resources of the debt service fund pledged for the retirement of any outstanding bonds is deducted from the amount of bonded indebtedness. At June 30, 2006, the legal debt limit exceeded net bonded indebtedness by \$573,065,794.

D. OTHER INFORMATION

1. POST-EMPLOYMENT HEALTH BENEFITS

The City's post-employment health and dental benefits are administered under a combination of premium based, selfinsurance, and/or Medicare coverage plans. In general, if a retiree or members of his immediate family are entitled to retirement benefits under the City Employees Retirement System or the Police and Fire Retirement System then they are entitled to the post-retirement health and dental insurance benefits. Currently, the City provides 100 percent of the cost of health insurance and either 50 percent or 100 percent of dental coverage dependent upon the coverage selected. Some collective bargaining agreements include language that employees will pay either 50 percent or 25 percent of their health insurance upon retirement dependant on age and years of service. There are currently no retirees under the provisions of these contracts. The most recent collective bargaining agreements include provisions for an Individual Retirement Health Plan. During employment, the City will contribute 1% of the employee's wages and the employee will contribute 1% to 5% of wages into the plan. At retirement, the employee will not be provided retiree health insurance under any of the City's existing plans. Likewise, there are currently no retires under the provisions of these contracts.

City Employees' Retirement Health, Life and Disability Benefits Plan and Trust:

Plan Description. Established by City Ordinance and collective bargaining agreements, the City of Warren General Employees' Retirement System is the administrator of a single-employer public employee' Voluntary Employee Benefit Association (VEBA) Trust.

The Trust is created for the exclusive purpose of providing funding for health, life and disability benefits for those retirees and beneficiaries eligible to receive such retirement benefits under the City of Warren General Employees Retirement System and Defined Contribution Plan.

At December 31, 2001, the most recent valuation date, the plan consisted of 538 retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them, and 504 active employees.

Summary of Significant Accounting Policies. The financial statements of the Trust are prepared using the accrual basis of accounting. Employer contributions are recognized as revenues in the period in which employee services are performed. Retiree health, life and disability benefits are recognized in the period incurred.

Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price.

The assets of the Trust include no loans to any participants or officers of the Trust, City officials or any other related party.

Funding Policy. Contributions to the plan represent 23.02% of payroll for active members of the City Employees' Defined Benefit Plan and Defined Contribution Plan, in accordance with the actuarial valuation of December 31, 2001 using the individual entry age actuarial cost method. Actuarial assumptions used in calculating the contribution rate include 1.) investment return of 7.5% per year, 2.) inflation rate of 5.0% and 3.) salary increases of 5.0%. For the fiscal year ended June 30, 2006 contributions to the plan totaled \$6,570,757 and post-employment health benefits totaled \$6,468,530.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

D. OTHER INFORMATION

1. POST-EMPLOYMENT HEALTH BENEFITS (continued):

Police and Fire Retirement Benefits Plan and Trust:

Plan Description. The Police and Fire Retirement Benefits Plan and Trust, an irrevocable trust, is the administrator of a single-employer public employees' health and benefits plan that covers substantially all of the police and fire retirees of the City. The board of trustees is made up of five individuals. Two trustees are appointed by the mayor. The police employees and the fire employees each have their own elected trustees. The city treasurer is also required by city ordinance to be a member of the board.

Summary of Significant Accounting Policies. The Plan and Trust's financial statements are prepared using the accrual basis of accounting. Employer contributions are recognized as revenue in the period in which they are earned. Insurance and other costs are recognized when due and payable in accordance with the terms of the Plan and Trust.

Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price.

Funding Policy. Contributions to the plan represent 13.44% of payroll for active members of the Police and Fire Retirement System, in accordance with the actuarial valuation of December 31, 1997 using the individual entry age actuarial cost method. Actuarial assumptions used in calculating the contribution rate include 1.) investment return of 7.5% per year, 2.) inflation rate of 4.5% and 3.) projected salary increases of 5.0%–8.0%. For the twelve months ended December 31, 2005, contributions to the plan totaled \$4,237,700 and post-employment health benefits totaled \$6,819,017.

2. PENSION PLANS

The City has two separate defined benefit single employer pension plans and a defined contribution pension plan covering substantially all full-time employees.

Employees' Retirement System Defined Benefit Plan:

Plan Description. Established under General City Ordinance on January 1, 1958, the City of Warren Employees' Retirement System is the administrator of a single-employer public employees' retirement system that covers all full time employees, except police and fire personnel.

The System provides retirement, disability and death benefits to plan members and their beneficiaries. The obligation to contribute to and maintain the System for these employees was established by City ordinance and negotiation with the various collective bargaining units. At December 31, 2005, membership consisted of 536 retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them, and 248 current active employees.

The plan issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the City of Warren Employees' Retirement System, 29500 Van Dyke, Warren, Michigan 48093.

Summary of Significant Accounting Policies. The financial statements of the Employees' Retirement System are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed. Pension benefits and refund of contributions are recognized in the period such payments are made.

Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price.

The assets of the Employees' Retirement System include no loans to any participants or officers of the System, City officials or any other related party.

Funding Policy. The City's funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. The normal cost and actuarial accrued liability are determined using an Aggregate actuarial funding method. Employer contributions represented 34.31% of covered payroll for the period of January 1, 2005 through June 30, 2005 in accordance with the actuarial valuation dated December 31, 2002 and 37.68% of covered payroll for the period of July 1, 2005 through December 31, 2005 in accordance with the actuarial valuation dated December 31, 2002 and 37.68% of covered payroll for the period of July 1, 2005 through December 31, 2005 in accordance with the actuarial valuation dated December 31, 2003. Employees are not required to contribute to the System. Amounts shown as employee contributions represent purchase of prior service credit. Administrative costs are financed through investment earnings.

(Continued)

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

D. OTHER INFORMATION

2. PENSION PLANS (continued)

Reserves. A description of each legally required reserve and its fully funded balance at December 31, 2005 is as follows:

Reserve for Employees' Contribution:

Composed of accumulated contributions by active employees plus interest thereon.

Reserve for Employer's Contribution:

Composed of accumulated City contributions, net of amounts transferred for the payment of pensions to the Reserve for Retirees' Benefit Payments plus interest thereon.

Reserve for Retirees' Benefit Payments:

Actuarially determined to provide sufficient resources for annuity payments. Upon retirement of an employee, expected future benefit payments are computed and transfers are then made into this reserve from the Reserve for Employees' Contribution and Employer's Contribution. This account is credited annually with interest from the Reserve for Undistributed Income.

Reserve for Undistributed Income:

Composed of net investment income less expenditure for other services and charges, and interest transferred to the Reserves for Employees' Contribution, Employer's Contribution and Retirees' Benefit Payments.

Historical trend information showing the plan's progress in accumulating sufficient assets to pay benefits when due is presented as required supplementary information. The City has made all actuarially required contributions, and there is no net pension obligation.

Police and Fire Retirement System Defined Benefit Plan:

Plan Description. The Police and Fire Retirement System is the administrator of a single-employer public employees' retirement system that covers substantially all police and fire employees of the City.

The System provides retirement, disability and death benefits to plan members and their beneficiaries. The obligation to contribute to and maintain the System for these employees was established by City ordinance and negotiation with the police and fire collective bargaining units. At December 31, 2004, the date of the most recent actuarial evaluation, membership consisted of 391 retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them, and 374 current active employees.

The plan issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to the City of Warren Police and Fire Retirement System, 23295 Schoenherr, Warren, Michigan 48089.

Summary of Significant Accounting Policies. The System's financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenue in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

D. OTHER INFORMATION

2. PENSION PLANS (continued)

Funding Policy. The funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are intended to accumulate sufficient assets to pay pension benefits when due.

Police and Fire employment contracts provide for direct employee pension contributions of 1.0 percent of payroll for all police and fire employees hired prior to July 1, 2000 and 5.0 percent of payroll for all police employees hired after July 1, 2000. In addition, the agreements provide that current City contributions of 4.0 percent of payroll be made on behalf of all police and fire employees hired prior to July 1, 2000. Under the terms of the contracts, these employer contributions made on behalf of the employees are effectively treated as direct employee contributions and are, therefore, recorded in the reserved net asset balance for the employee contributions.

Administrative costs of the plan are financed through investment earnings.

Reserves. As of December 31, 2005, the System's legally required reserves have been fully funded as follows:

| Reserve for employees' contributions | \$ 20,044,489 |
|--------------------------------------|---------------|
| Reserve for retired benefit payments | 152,163,651 |

Defined Contribution Plan and Trust

Plan Description. The Defined Contribution Plan and Trust was approved by the Warren City Council at their meeting of April 8, 1997. The plan is administered by the International City Management Association Retirement Corporation (ICMA). Participation in the plan is extended to all full time employees, other than police and fire personnel. Employees were allowed to transfer the actuarially determined value of prior service credit from the City Employees' Retirement System to the Defined Contribution Plan upon adoption of the plan and settlement of respective collective bargaining agreements. Employees hired after ratification of the respective collective bargaining agreements are automatically enrolled in the Defined Contribution Plan. There were 199 active participants in the plan as of June 30, 2006.

Funding Policy. For employees transferring from the Defined Benefit Pension Plan to the Defined Contribution Plan, the City contributes 15.0% of payroll and the employee contributes 3.0%. For employees hired after ratification of their respective union contracts, the City contributes 10.0% of payroll and the employee contributes 4.0%.

Qualified Excess Benefit Arrangement (QEBA) Trust

Plan Description. The City Employees' Retirement System provides retirement benefits to its participants. Because of statutory limitations on benefits set forth in Section 415(b) of the Internal Revenue Code, certain participants do not receive their full benefits under the Employees' Retirement System. Congress has recognized that governmental employers who sponsor tax-qualified retirement plans have contractual obligations to provide full retirement benefits to their employees, regardless of the limitations of Section 415(b). Thus, pursuant to Section 415(m), a governmental plan may include a qualified excess benefit arrangement that allows the payment of the full benefit to plan participants, without jeopardizing the tax-qualified status of the governmental plan. The benefits provided by the QEBA shall equal the "excess benefit" of the participants. The "excess benefit" of a participant shall equal the difference between (I) the annual benefit that would be payable to the participant pursuant to the terms of the City Employees' Retirement System without application of Section 415(b) limitations, and (ii) the annual benefit actually paid to the participant by the City Employees' Retirement System in accordance with the limitations of Section 415(b).

Summary of Significant Accounting Policies. The System's financial statements are prepared using the accrual basis of accounting. Employer contributions and benefit payments are recognized as revenue or expense in the period when due.

Investments are reported at fair value.

Funding Policy. No benefits payable under the QEBA shall be paid from the Employees' Retirement System. Rather the amounts due under the QEBA shall be paid directly by the City in an amount sufficient to pay the "excess benefits" when due.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

D. OTHER INFORMATION

3. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all full time employees, permits them to defer a portion of their current salary until future years. The deferred compensation is not available to the employees until termination, retirement, death or unforeseeable emergency.

In accordance with the provision of IRC Section 457, subsection (g), plan assets are held for the exclusive benefit of employees in a trust or qualifying insurance contract in an amount equal to the fair market value of the deferred account maintained with respect to each participant.

The City's primary responsibility is to process employee payroll withholdings and remits the withheld funds to the plan administrators. The City does not perform any investing function. Accordingly, due to the absence of fiduciary responsibility with respect to these funds, deferred compensation plan assets are not reported in the accompanying financial statements.

4. PROPERTY TAXES

Property taxes are levied each July 1 on the taxable value of property located in the City as of the preceding December 31. The taxable value and state equalized value of real and personal property, including Industrial Facilities Valuations, as assessed on January 1 and thereafter revised by the Board of Review, State Tax Commission or Michigan Tax Tribunal is as follows:

| | Taxable Value | | State Equalized Value | |
|-----------------------|------------------------|----------------|------------------------|-----------------|
| Real Property | \$3,640,881,539 | 76.09% | \$4,582,764,480 | 79.96% |
| Personal Property | 736,657,481 | 15.40 | 739,780,437 | 12.91 |
| Industrial Facilities | 407,341,840 | 8.51 | 408,622,990 | 7.13 |
| | <u>\$4,784,880,860</u> | <u>100.00%</u> | <u>\$5,731,167,907</u> | <u>100.00</u> % |

On November 7, 1978, Article 9, Section 6, of the 1963 Michigan Constitution was amended placing certain limitations on increases of taxes. The amendment did not, and will not, limit the levy of taxes for the payment of principal and interest on bonds or other evidences of indebtedness outstanding at the time the amendment became effective; nor will the amendment limit taxes imposed for the payment of bonds or other indebtedness issued, or incurred, after their effective date if said bonds, or other indebtedness have been approved by the voter.

On March 15, 1994, Michigan voters passed Proposal A which places a limit on the value used to compute property taxes. Effective with the July 1, 1995 levy, property taxes are calculated using a Taxable Value. The Taxable Value is the lower of the 2005 State Equalized Value or the 2005 Capped Value. The State Equalized Value is the Assessed Value (representing fifty percent of the true cash value) multiplied by the Equalization Factor (currently equal to 1.000). The Capped Value is calculated by using the 2004 Taxable Value minus losses times the lower of 1.05 or the 2004 Consumer Price Index for the twelve months ended September 30 plus any additions.

NOTES TO FINANCIAL STATEMENTS

5. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the City utilizes a combination of self-insurance and commercial insurance. All coverage is premium based with the following exceptions.

The City's is self-insured for non-HMO medical benefits afforded to employees and retirees. The program is liable for the first \$200,000 per person, per year, except for deductible amounts. The City has purchased an insurance policy to cover any cost over the \$200,000 limitation, not to exceed the limit of \$4,800,000 lifetime per person.

The City is self-insured for workers' compensation, automobile and public entity liability insurance. The City maintains a \$350,000 Self-Insured Retention (SIR) for worker's compensation and a \$500,000 SIR for auto and public entity liability. The City has purchased additional insurance to cover potential claims in excess of the SIR.

A designation of unreserved fund balance in the amount of \$5,499,138 is reported in the fund financial statements representing potential developed claims outstanding as of June 30, 2006 as provided by the City's insurance carrier. The Water and Sewer System enterprise fund has reserved \$500,000 of net assets as of December 31, 2005, towards payment of potential self-insured medical claims. The City believes these designations are sufficient to pay potential self-insured medical, workers' compensation, automobile or public entity liability claims incurred as of their respective balance sheet dates.

Amounts reported as accrued insurance claims in the government-wide financial statements for the prior two fiscal years is as follows:

| Worker's compensation, automobile and public entity liability | <u>2005</u> \$ 3,910,390 | Estimated Claims Incurred \$ 3,109,585 | Claim and Premium Payments \$ (3,462,242) | <u>2006</u> \$ 3,557,733 |
|--|---|---|--|---|
| Retrospective adjustment from prior insurance carrier (including potential sewer back-up liability) Estimated liability - end of year | <u>3,199,690</u> <u>\$ 7,110,080</u> | <u>616,406</u> \$ 3,725,991 | <u>(1,874,691)</u> <u>\$ (5,336,933)</u> | <u>1,941,405</u> <u>\$ 5,499,138</u> |

6. CONTINGENT LIABILITIES

Litigation

There are various claims and legal actions pending against the City of Warren and its various operating units, most of which are either partially or fully covered by insurance. The City maintains Public Entity Liability Coverage with a \$10 million limit. It is the opinion of management that any potential claims not covered by insurance would not materially affect the financial statements of the City.

7. UNAVAILABLE ASSETS HELD BY OTHER GOVERNEMNTAL UNIT

The Macomb County Department of Public Works is holding \$5,384,316 of funds for the City of Warren to be used for the maintenance, construction, and debt service of drain construction projects within the City of Warren.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2006

D. OTHER INFORMATION

8. JOINT VENTURE

The City is a member of the South Macomb Disposal Authority, which provides refuse disposal services to participating municipalities in Macomb County, Michigan. Other members include the cities of Center Line, Roseville, Eastpointe and St. Clair Shores, Michigan. The City appoints one member to the joint venture's governing board, who then approves the annual budget. Complete financial statements for the South Macomb Disposal Authority can be obtained from the administrative offices at 2001 Pleasant Avenue, Box 286, St. Clair Shores, Michigan 48080.

9. SUBSEQUENT EVENTS

The new Warren City Hall opened its doors on October 30, 2006. This new four-story, state of the art facility includes an attached parking structure, a Main Public Library, meeting rooms and community gathering areas. Various city departments have also moved to the new City Hall to better serve the residents and improve the operational efficiency of the City itself. This site and the adjacent two-acre City Square have been upgraded with new roads, decorative sidewalks and street lighting, landscaping, and also includes construction of an outdoor ice-rink and warming shelter. Formal dedication of the new City Center was held on December 9, 2006.

On December 7, 2006, the City sold \$7.53 million of Capital Improvement Bonds, Series 2006 to finance various road construction projects within the City. This issue was allocated between the Road Construction Fund and Water and Sewer System in the amounts of \$5.41 million and \$2.12 million respectively.

CITY OF WARREN, MICHIGAN

STATE of MICHIGAN CONSTRUCTION CODE ACT (Public Act 245 of 1999)

REQUIRED SUPPLEMENTARY INFORMATION

Fiscal year ended June 30, 2006

The City oversees building construction, in accordance with the State's Construction Code Act, including inspection of building construction and renovation to ensure compliance with the building codes. The City charges fees for these services. The law requires that collection of these fees be used only for construction code costs, including an allocation of estimated overhead costs. A summary of the current year activity and the cumulative shortfall generated since January 1, 2000 is as follows:

| Revenues: Building permits Electrical permits Mechanical permits Plumbing permits Plan review fees Sidewalk permits Zoning permits Other licenses and permits Block grant administration Board of appeals Site plan fees Planning commission fees | \$ | 954,828 194,894 194,309 486,084 183,702 21,573 172,188 186,433 100,000 27,575 49,871 16,916 |
|---|------------|--|
| Total revenues | | 2,588,373 |
| Expenditures (1): Building department Planning department Total expenditures | | 1,875,932 663,275 2,539,207 |
| Excess (deficiency) of revenues over expenditures | | 49,166 |
| Cumulative shortfall as of June 30, 2005 | (| 3,545,521) |
| Cumulative shortfall as of June 30, 2006 | <u>\$(</u> | 3,496,355) |

(1) Overhead costs were not charged against departmental expenditures.

STATISTICAL SECTION

Statistical Information

Statistical information contained herein relates to the physical, economic and social characteristics of the City. It is designed to provide a broader and more complete understanding of the City and its financial affairs than is possible from the financial statements, notes and supporting schedules presented in the financial section.

| Contents | Exhibit |
|--|---|
| Financial Trends | |
| These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time. | |
| Net Assets by Component Changes in Net Assets Fund Balances of Governmental Funds Changes in Fund Balances of Governmental Funds | D-1 D-2 D-3 D-4 |
| Revenue Capacity | |

| Debt service as a percentage of non-capital expenditures (2) | - | - | - | | - | | |

(1) Amounts reported in fiscal years 1998 through 2003 represent proceeds from the sale of property formerly known as the Detroit Arsenal Tank Plant.

(2) Prior to the implementation of GASB Statement No. 34 in fiscal year 2002, capitalization of infrastructure improvements was not required. A significant portion of debt service reported for the fiscal years prior to 2002 was for infrastructure improvements, no portion of which was capitalized. Inclusion of debt service ratios for these years would be misleading.

The State Equalized Value (SEV) is the Actual Value multiplied by the Equalization Factor, currently equal to fifty percent.

The amounts reported are provided annually by the City Assessor's Office and do not reflect any tax exempt properties. Assessments are valued as of December 31 of each year. The respective taxes were levied on July 1 of the following year for the fiscal year indicated. During the fiscal year, the SEV and taxable values may be amended through judgements of the State Tax Commission (STC), Michigan Tax Tribunal (MTT) or Board of Review (BOR).

On March 15, 1994, Michigan voters passed Proposal A which places a limit on the value used to compute property taxes. Effective with the July 1, 1995 levy, property taxes are calculated using a Taxable Value. The Taxable Value is the lower of the State Equalized Value or the Capped Value. The State Equalized Value is the Assessed Value (representing fifty percent of the true cash value) multiplied by the Equalization Factor (currently equal to 1.000). The Capped Value is calculated by using the prior year's Taxable Value minus losses times the lower of 1.05 or the prior year's Consumers Price Index for the twelve months ended September 30 plus any additions.

Notes: (1) The schedule above does not include any levies or delinquencies relative to the 1.0% administrative fee assessed on county and school taxes collected by the city.

(2) On November 9, 2005 the Warren City Council approved a proposed settlement agreement with DTE Energy in regards to utility assessments. Under the terms of the agreement, provided the City uses approved State Tax Commission (STC) multiplier tables for the tax years 2006, 2007 and 2008, DTE Energy will pay personal property taxes for the 1997, 1998, 1999 and 2005 tax years as previously assessed. In addition, effective October 2007 and for the four years thereafter, the STC will issue an order to strike outstanding personal property taxes for the 2000, 2001, 2002, 2003 and 2004 tax years. Ultimately, outstanding delinquent personal property taxes totaling approximately \$1.1 million will be stricken. Funds will be appropriated in each budget year as the order to strike is received. These delinquent personal property taxes are reflected in the governmental funds balance sheet as part of "fund balance – reserved for accounts receivable" as of June 30, 2006.

Comments:

The ratios presented are required by Governmental Accounting Standards Board (GASB) Statement No. 44. While the ratios are an indication of the burden of debt on the City of Warren's citizenry and business community as a whole, in many cases the repayment of the debt will be financed by select taxpayers, users or other sources of revenue. In other cases, the debt burden is shared by not only the citizenry but also by the business community, further distorting per capita ratios. The narrative that follows focuses on debt to be repaid by sources other than property taxes levied on the citywide tax base. Excluding these items from the tables presented above would dramatically affect the ratios presented.

(a) Debt service requirements for the Tax Increment Finance Authority Bonds and Downtown Development Authority Bonds are derived from the capture of incremental tax revenues on properties within the respective authority's defined geographic boundaries.

(b) Debt service requirements for the Michigan Transportation Bonds are derived from the receipt of state shared gas and weight taxes.

(c) Debt service requirements for the Special Assessment Bonds are derived from the receipt of installment payments from taxpayers whose property directly benefited from either the City's sidewalk replacement or tree removal program.

(d) Debt service requirements for the Building Authority Senior Housing Bonds are derived from the receipt of rental payments from residents of the Joseph Coach Manor senior housing complex.

(e) Debt service requirements for the Water and Sewer Bonds are received from residential as well as commercial and industrial users of the system.

Section 8.11 of the Warren City Charter limits the net bonded indebtedness incurred for all public purposes to ten percent of the assessed value of all real and personal property in the city. Net bonded indebtedness applicable to the legal debt margin is defined as general obligation bonds, the principal and interest of which are payable from taxes levied upon taxable real and personal property in the city and for payment of which the full faith and credit of the city are pledged, when authorized by a three-fifths vote of the electors voting thereon at any general or special election.

(1) Building Authority Bonds were issued for the purpose of constructing the 244 unit senior citizen housing complex known as Jos. Coach Manor. Pursuant to certain Lease Contracts between the Building Authority and the City, the bonds were issued in anticipation of Cash Rentals from the City in amounts sufficient to pay the principal and interest on the bonds when due. The Cash Rentals constitute a full faith and credit general obligation of the City and the City is required to provide sufficient monies in its annual budget for the payment thereof and if necessary, to levy ad valorem taxes on all taxable property within its boundaries. The City's intent then as it is now, is that rental revenues generated from Jos. Coach Manor would be sufficient to pay the principal and interest on the bonds when due. The rental revenue stream has exceeded the debt service requirements due to steady occupancy rates and debt refinancing and the City has not, nor does it anticipate the need to appropriate any general fund monies.

(2) The Special Assessment Bonds Series 2002 were issued in anticipation of the collection of certain outstanding special assessments for sidewalk replacements which became due on or after July 1, 2003. The Capital Improvement Bonds Series 2003 and Series 2005 were likewise issued to finance citywide sidewalk improvements. Even though the City has pledged the levy of taxes for the repayment of principal and interest on the Capital Improvement Bonds, the City has designated the collections from certain special assessment districts to meet the debt service requirements.

(3) Property owners commonly elect to make special assessment payments up-front rather than in installments to avoid paying interest. This creates uneven revenue streams in relation to the respective debt service.

(4) The entire amount of interest required for debt service on the Special Assessment Bonds Series 2002 and Capital Improvement Bonds Series 2003 and Series 2005 has been transferred to its respective debt service fund. Funds previously transferred from the Tank Plant Redevelopment Fund to the Sidewalk and Tree Revolving Fund were utilized to satisfy the interest requirements.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Fiscal Year Ended June 30, 2006

1. The accompanying schedule of federal awards includes the federal grant activity of the City of Warren, Macomb County, Michigan and is presented in the modified accrual basis of accounting. The information in the schedule is presented in accordance with the requirements of OMB A-133, Audits of State, Local Governments, and Non-Profit Organizations.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

June 30, 2006

Summary of Audit Results:

- 1. The auditor's report expresses an unqualified opinion on the general purpose financial statements of the City of Warren.
- 2. No reportable conditions relating to the financial statements are reported in the independent Auditor's Report.
- 3. No instances of noncompliance material to the financial statements of the City of Warren were disclosed during the audit.
- 4. No reportable conditions relating to the major federal award programs are reported in the Independent Auditor's Report on Compliance with Requirements Applicable to Each Major Program and Internal Control Over Compliance in Accordance with OMB Circular A-133.
- 5. The auditor's report on compliance for Community Development Block Grant, Home Investment Partnership, Housing Opportunities for Persons with AIDS, State Preparedness Equipment Grant and COPS Interoperable Communications Technology Program Grant expresses an unqualified opinion.
- 6. There were no audit findings relative to the major federal award programs for the City of Warren.
- The programs tested as major programs include: Community Development Block Grant CFDA #14.218, Home Investment Partnership - CFDA #14.239, Housing Opportunities for Persons with AIDS – CFDA #14.241, State Preparedness Equipment Grant – CFDA #97.004 and COPS Interoperable Communications Technology Program Grant CFDA - #16.710.
- 8. Type A programs are programs with \$300,000 or more of federal expenditures. Type B programs are programs with federal expenditures between \$100,000 and \$300,000.
- 9. The City of Warren was determined to be a low-risk auditee.

Findings - Financial Statements Audit:

None

Findings and Questioned Costs – Major Federal Award Program Audit:

None

CITY OF WARREN, MICHIGAN COMMUNITY DEVELOPMENT BLOCK GRANT FUND PROGRAM YEAR 2002/03 - C.D.B.G. No. B-02-MC-26-0016

STATEMENT OF PROGRAM COSTS

For the Period July 1, 2002 through June 30, 2006

- (1) Original "Housing Rehabilitation" allocation of \$5,000 was increased by \$273,532 from program income earned (original budgeted estimate for program income was \$400,000) and decreased by reprogramming \$58,143 to "Contingencies" and \$76,857 to "Street Paving" in the 2004/05 program year.
- "Park Improvements" was increased by reprogramming \$186,259 from the following: (2)
 - \$135,000 and \$11,256 from "Housing Rehabilitation" in the 2000/01 and 2001/02 program years, respectively.
 - \$ 19,017 from "Contingencies" in the 2002/03 program year.
 - \$ 20,986 from "Street Paving" in the 2005/06 program year.

"Park Improvements" was decreased by reprogramming \$29,252 to "Street Paving" in the 2005/06 program year.

- (3)"Handicap Ramp Curb Cuts" was increased by reprogramming \$191,803 from the following:
 - \$ 7,838 and \$17,100 from "Contingencies" in the 2000/01 and 2001/02 program years, respectively.
 - \$ 10,846 from "Park Improvements" in the 2001/02 program year.
 - \$110,458 from "Street Improvements" in the 2002/03 program year.
 - \$ 10,374 from "Chore Service" in the 2002/03 program year.
 - \$ 14,800 and \$20,387 from "Contingencies" in the 2002/03 and 2003/04 program years, respectively.
- (4) "Street Paving" was increased by reprogramming \$451,393 from the following:
 - \$ 65,000 and \$300,000 from "Housing Rehabilitation" in the 1998/99 and 1999/00 program years, respectively.
 - \$ 3,449 from "Contingency and Local Option" in the 1999/00 program year.
 - 56,000 from "Arsenal Acres Clearance" in the 1999/00 program year. \$
 - \$ 1,423 from "Homeless Prevention" in the 2000/01 program year.
 - \$ 4,428 from "Code Enforcement Housing Ordinance" in the 2000/01 program year.
 - \$ 21.094 from "Contingencies" in the 2004/05 program year.
 - "Street Paving" was decreased by reprogramming \$220,458 to the following:
 - \$110,458 to "Handicap Ramp Curb Cuts" in the 2002/03 program year.
 - \$110,000 to "Fire Safety Equipment" in the 2003/04 program year.
- "Housing Support Services" was increased by reprogramming \$2,500 from "Code Enforcement Housing Ordinance" in the 2001/02 (5)program year and decreased by reprogramming \$1,250 to "Housing Support Services" in the 2004/05 program year.
- "Homeless Prevention" was increased by reprogramming \$16,998 from the following: (6)
 - \$15,000 from "Housing Rehabilitation" in the 2000/01 program year.
 - \$ 1,998 from "Contingencies" in the 2003/04 program year.
- "Contingencies and Local Options" was increased by reprogramming \$35,220 from the following:
 - \$ 3,084 from "Housing Rehabilitation" in the 1998/99 program year.
 - \$ 10,009 from "Contingency and Local Option" in the 1999/00 program year.
 - \$ 3,079 from "Code Enforcement Housing Ordinance" in the 2001/02 program year.
 \$ 8,396 from "Chores Services" in the 2001/02 program year.

 - \$ 10,652 from "Handicap Ramp Curb Cuts" in the 2002/03 program year.
 - "Contingencies and Local Options" was decreased by reprogramming \$35,220 to the following:
 - \$ 14,800 to "Handicap Ramp Curb Cuts" in the 2002/03 program year.
 - \$ 19,017 to "Park Improvements" in the 2002/03 program year.
 - 1.403 to "Contingency and Local Options" in the 2005/06 program year.
- (8) "Chore Services" was decreased by reprogramming \$10.374 to "Handicap Ramp Curb Cuts" in the 2002/03 program year.
- "Code Enforcement Housing Ordinance" was decreased by reprogramming \$10,096 to "Street Paving" in the 2004/05 program year. (9)
